## Public Workshop

- June 22<sup>nd</sup> at Wakulla Senior Citizens Center
- Purpose of meeting was to update the public on conceptual alignment
- Feedback provided at the public workshop was completely supportive of the project! Over 30 people who live in the project area came to the workshop to show support and excitement for the project!

## Coastal Trail PD&E– Conceptual Alignment

- The Conceptual Alignment for the Coastal Trail was determined by assessing the following:
  - Impacts to the natural environment
  - Impacts to private property/right-of-way availability
  - Connections to existing facilities
  - Scenic availability
- Ultimately, final trail alignment and amenities will be determined during the design phase.
