Construction Slated to Begin on North Monroe Street

Chipley, FL – Construction is scheduled to begin Monday, Nov. 28 on pedestrian improvements to State Road (S.R.) 63 (U.S. 27/North Monroe Street) from Tharpe Street to 7th Avenue in Leon County.

Planned improvements include constructing raised medians on S.R. 63 to serve as pedestrian refuge areas, adding a signalized pedestrian crossing between Tharpe Street and 7th Avenue, sidewalk replacement, placement of new signs and pavement markings and curb and gutter work.

Motorists can expect temporary lane restrictions. Drivers are reminded to use caution when traveling through the work zone and to watch for construction workers and equipment entering and exiting the roadway. The project is anticipated to be completed spring 2017.
