Existing Conditions

Segment 2: Armistead Road to Woodgate Way

Segment 2: Armistead Road to Woodgate Way Existing Conditions by Segment
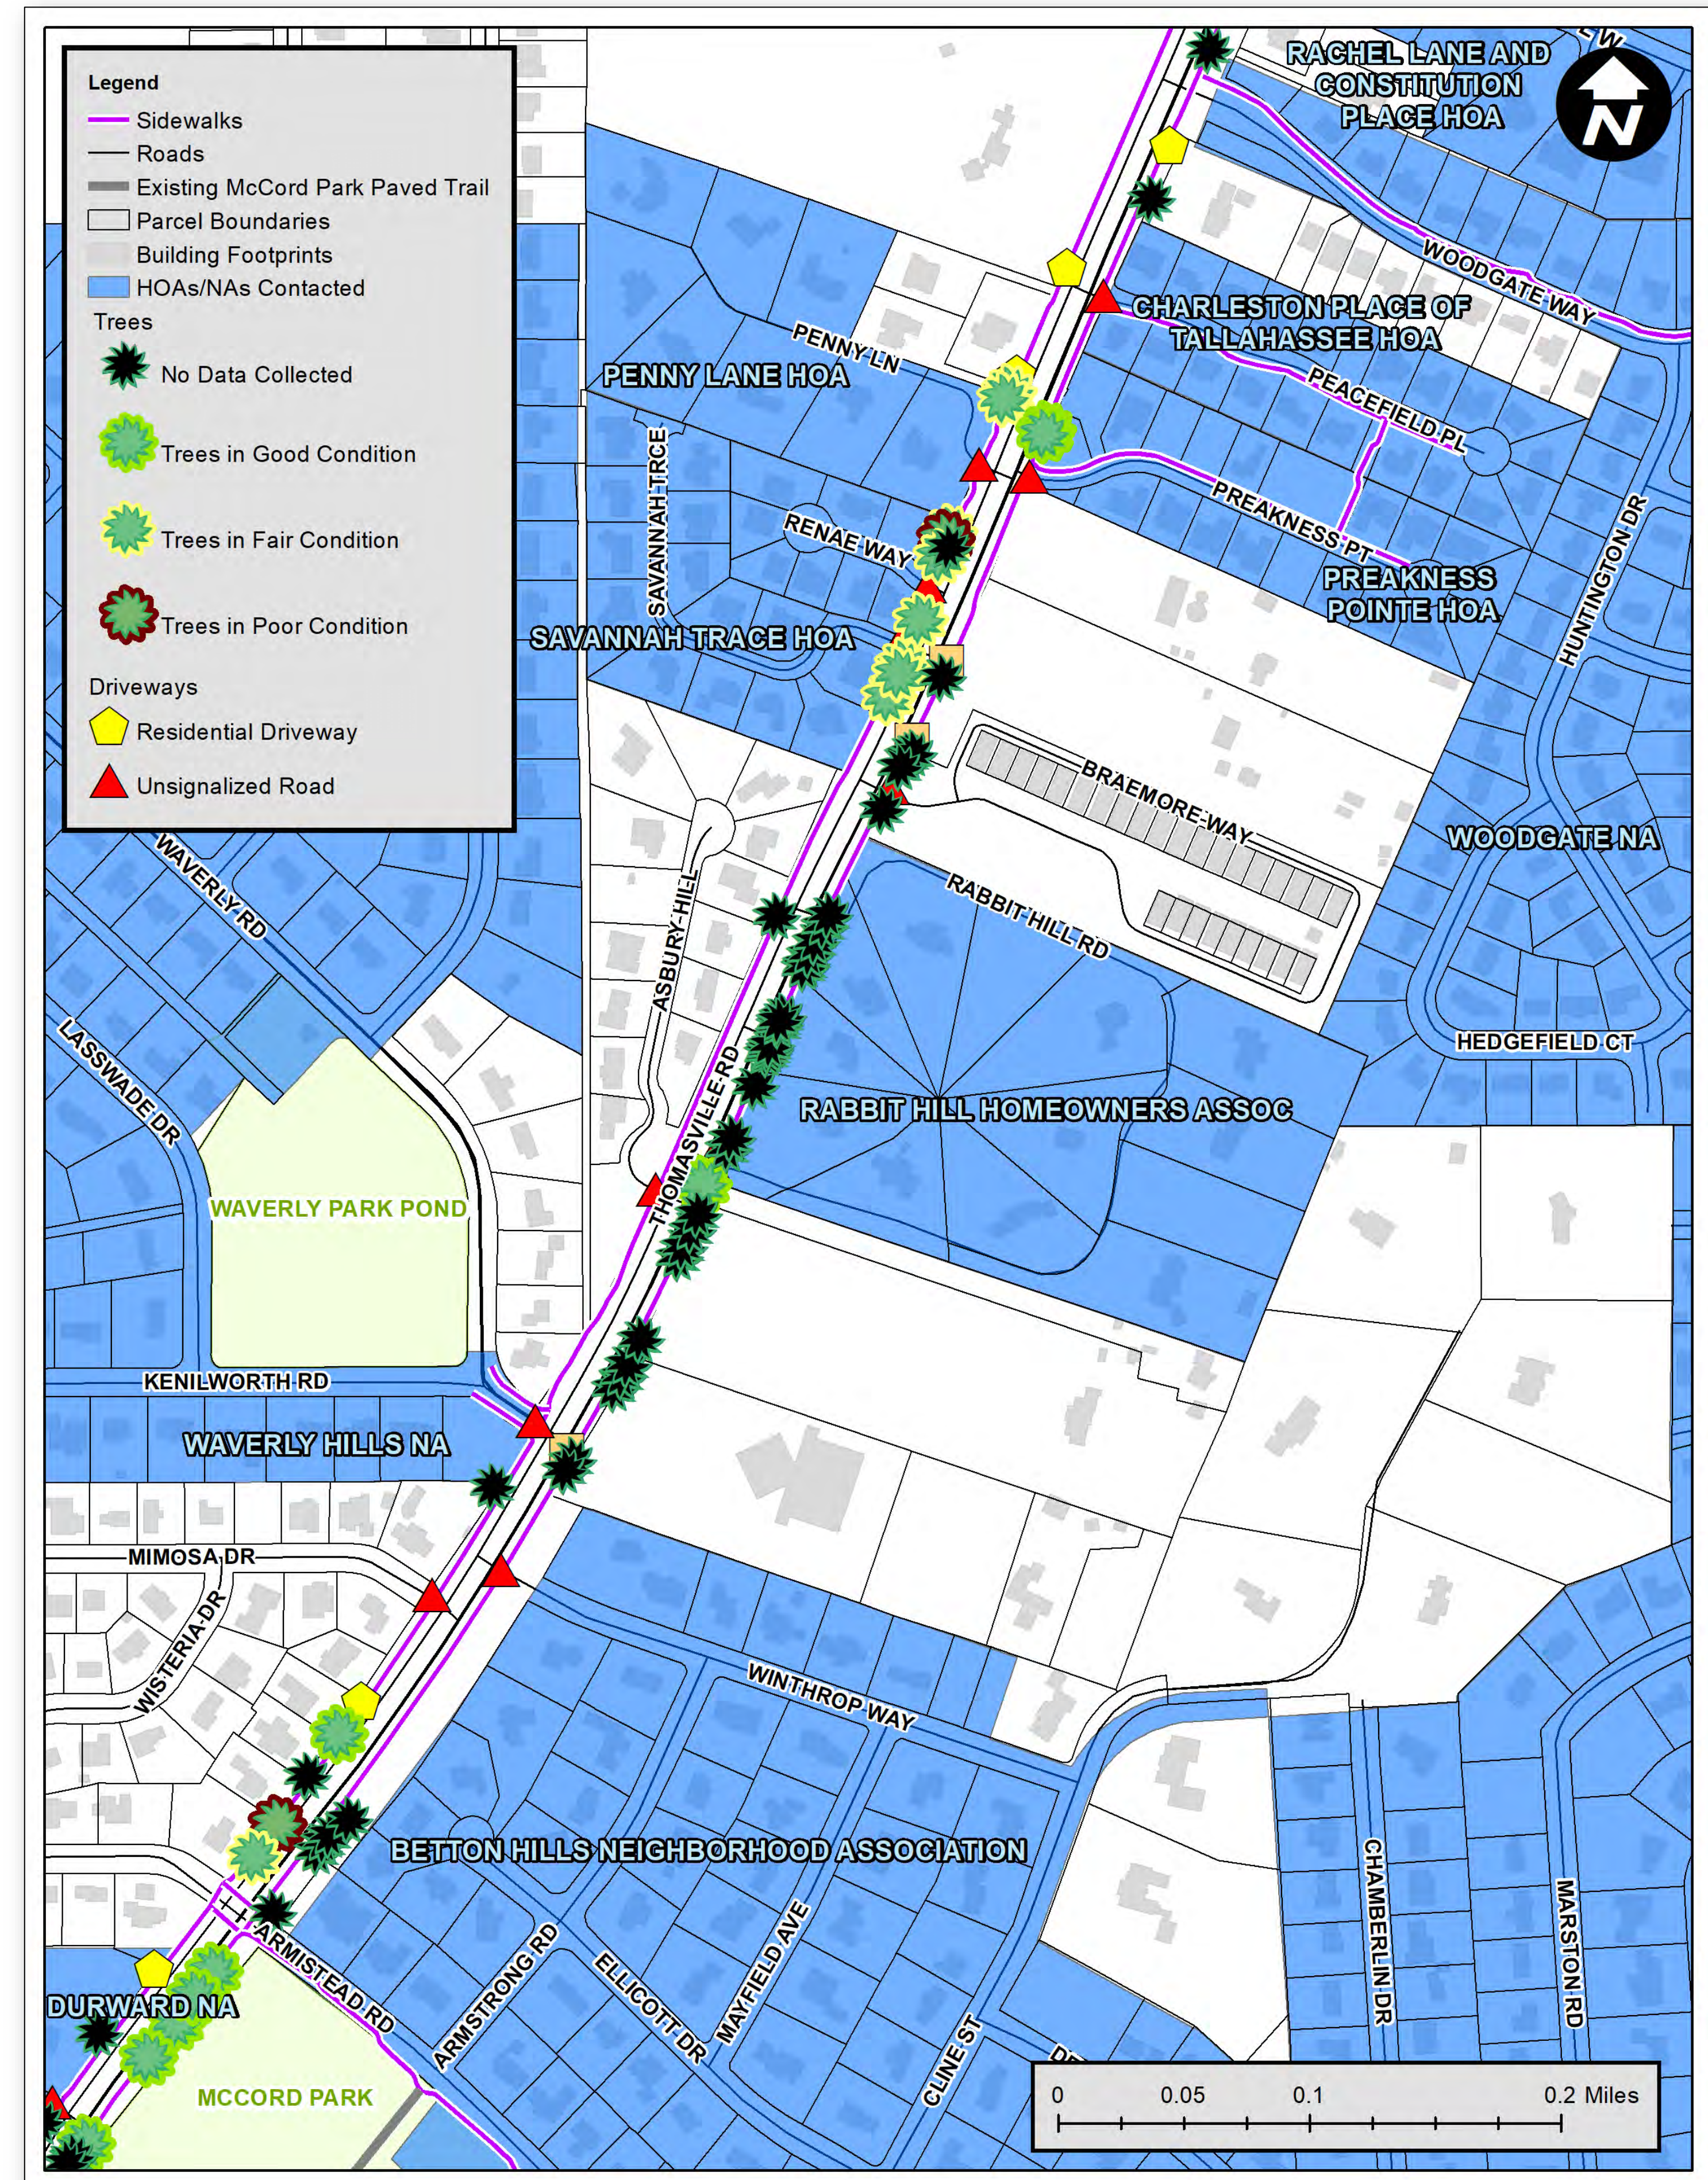

Data	Driveways & Intersections	Trees	Available right-of-way for multi-use path as is*	Available right-of-way with corridor retrofitting*
Option 1: Thomasville Road East	11	3	+/- 13 — 90 ft	+/- 20 — 90 ft
Option 2: Thomasville Road West	10	9	+/- 6 — 25 ft	+/- 13 — 32 ft

The project team assessed segments 2 and 3 for an opportunity to place a crossing along the corridor. Both Hermitage Boulevard and Woodgate Way were evaluated. The table below includes information about these two intersections:

Hermitage Boulevard	Woodgate Way
✗ Major collector	✓ Minor collector
✓ Connects two major corridors (Capital Circle NE and Thomasville Road)	✓ Neighborhood entrance
✓ Allows connectivity to bicycle lanes on Hermitage Boulevard and Goose Pond Trail	✓ 3-way intersection
✗ Free flow right turn lanes	✓ Opportunity to provide options for connectivity to Goose Pond Trail via spur trail
✗ 4-way intersection	

Existing crossing on north side of Woodgate Way and Thomasville Road Intersection
