

CRTPA Board Meeting

May 19, 2014

Kimley»Horn

Agenda

1. 2040 RMP Goals
2. Public Involvement Plan
3. Current outreach efforts
4. Next steps

2040 RMP Goals

- Builds on previous work
- Considers Map-21 Planning Factors
- Primary focus will be performance measures

2040 RMP Goals

2035 RMP Goals		Map-21 Planning Factor	DRAFT 2040 RMP Goals	Notes
Access	Provide residents and visitors with access to a multi-modal transportation system and to goods and services throughout the region.	Yes	Provide residents and visitors with access to a multi-modal transportation system that promotes economic vitality and quality of life throughout the region.	Reference added to economic vitality and quality of life
Connectivity	Enhance local and regional connectivity to effectively and safely move people and goods using multiple modes of transportation.	Yes	Enhance the integration between travel modes and promote improved connectivity between local and regional destinations.	Promote the integration between travel modes and connecting people with places (safety is a freestanding goal)
Coordination	To promote efficient and thorough implementation of the regional mobility plan by ensuring broad buy-in and stakeholder support for the regional mobility planning process, the plan itself, and its constituent projects.	No	To promote efficient and thorough implementation of the regional mobility plan by ensuring broad buy-in and stakeholder support for the regional mobility planning process, the plan itself, and its constituent projects.	Not a Map-21 planning factor. Coordination and public input are items covered by the MPO bylaws, Memorandum of Understand (MOU), and Public Participation Plan.
Economic Development	Create and maintain a transportation infrastructure that provides energy- and time-efficient intermodal movement of goods, services, and labor to and within urban areas in the region.	Yes	Coordinate transportation investments with local and regional economic development initiatives, including measures that provide energy- and time-efficient intermodal movement of goods, services, and labor to and within urban areas in the region.	Minor edit to account for local and regional initiatives, not limited to freight
Financial Feasibility	To ensure that the funding for desired regional mobility projects is met and that necessary revenues are made available timely for the successful implementation of priority projects that promote sustainability, more efficient use of resources, and regional connectivity.	No	To ensure that the funding for desired regional mobility projects is met and that necessary revenues are made available timely for the successful implementation of priority projects that promote sustainability, more efficient use of resources, and regional connectivity.	Not a Map-21 planning factor. All long range transportation plans are legislatively required to be financially constrained (cost feasible).
Land Use	Coordinate transportation and land use systems to foster vibrant communities with compact urban forms throughout the region.	Yes	Coordinate transportation strategies and investments with local and regional land use initiatives in an effort to foster vibrant communities throughout the region.	Minor edit to account for both urban and rural areas in the Region
Multimodalism	There are many forms of transportation in the region, some untapped and to be utilized in the future. The Regional Mobility Plan must create and maintain opportunities to facilitate the movement of and connections among people, jobs, goods and services.	Yes	Promote a diversity of travel choices and maintain opportunities to facilitate the movement of and connections among people, jobs, goods and services, and other travel modes.	Minor edits to bring consistency with phrasing of other goals (begin with a verb).
Natural Resource Protection/Conservation	A transportation system that provides access and mobility, supports compact growth and protects the region's natural environment.	Yes	Protect the region's environmentally sensitive areas as well as cultural and historic features through a combination of strategies including avoidance, context sensitive design solutions (CSS), and best practices.	Minor edit to account for natural and human environmental features and to introduce CSS design solutions and other methods.
Public Participation	The Regional Mobility Plan must have a strong Public Involvement Plan to ensure that all citizens of the regional have the opportunity to provide input in the transportation planning process.	No	The Regional Mobility Plan must have a strong Public Involvement Plan to ensure that all citizens of the regional have the opportunity to provide input in the transportation planning process.	Not a Map-21 planning factor. Public input is a requirement of the MPO bylaws, and Public Participation Plan and Public Involvement Plan.

(See 2040 RMP Goals Matrix)

Public Involvement Plan

- Consistent with CRTPA Public Involvement Process Plan (PIPP)
- The overall objective of the Connections 2040 Public Involvement Plan is to encourage participation throughout the process so that the RMP 2040 will be **reflective** and **respectful** of the needs and values of the region.

Current RMP Public Outreach

- Website
- Facebook
- MetroQuest
- County transportation strategies meetings
- Upcoming public workshops

www.Connections2040RMP.com

The screenshot shows the homepage of the Capital Region Transportation Planning Agency's 2040 Regional Mobility Plan website. The header features a large banner image of a sidewalk with people walking, overlaid with the 'Connections regional mobility plan 2040' logo. Below the banner, the agency name and plan title are displayed, along with a search icon and a menu icon. A navigation bar contains links for HOME, WHAT'S NEW, ABOUT, and PROVIDE INPUT. The main content area is titled 'Home' with a document icon. It features a large image of a sidewalk and a collage of smaller images showing various transportation scenes. To the right, there is a section for 'Upcoming Meetings' listing workshops for May 20th and May 22nd in Wakulla, Leon, Jefferson, and Gadsden counties. Below this, a text block provides information about workshops and a link to the 'Provide Input' page. At the bottom right, there is a section titled 'Like Our Facebook Page' with a Facebook 'Like' button and a small logo for the Connections 2040 Regional Mobility Plan.

Public Workshops

WE NEED YOUR INPUT

Connections 2040 is your opportunity to shape the transportation network in Gadsden, Jefferson, Leon, and Wakulla Counties. Connections 2040 is the Capital Region's Regional Mobility Plan and will include recommendations for a variety of transportation options including roads, bicycle facilities, pedestrian facilities, transit, airports, freight facilities, and others.

Please attend the upcoming workshop in Jefferson County to provide input for the development of the Regional Mobility Plan

May 22, 2014
Jefferson County Public Workshop
6:00 p.m. to 8:00 p.m.
Jefferson County Courthouse Annex
435 Walnut Street
Monticello, Florida

Please visit www.Connections2040RMP.com, www.facebook.com/Connections2040, or www.CRTPA.org for more information and for ways to participate and provide input

Public Participation is solicited without regard to race, color, national origin, age, sex, religion, disability, income, or family status. Persons who require special accommodations under the Americans with Disabilities Act or translation services (free of charge) should contact Lynn Barr at the CRTPA at (850) 891-6801 at least seven days prior to the meeting.

Connections 2040 is your opportunity to shape the transportation network in Gadsden, Jefferson, Leon, and Wakulla Counties. Connections 2040 is the Capital Region's Regional Mobility Plan and will include recommendations for a variety of transportation options, including roads, bicycle facilities, pedestrian facilities, transit, airports, freight facilities, and others.

Also known as a Long Range Transportation Plan, this project sets the vision, strategy, and capital improvement program that guides the investment of public funds in transportation facilities.

Please visit www.Connections2040RMP.com, www.facebook.com/Connections2040, or www.CRTPA.org for more information and for ways to participate and provide input
