

## EXECUTIVE COMMITTEE AGENDA ITEM 4 E

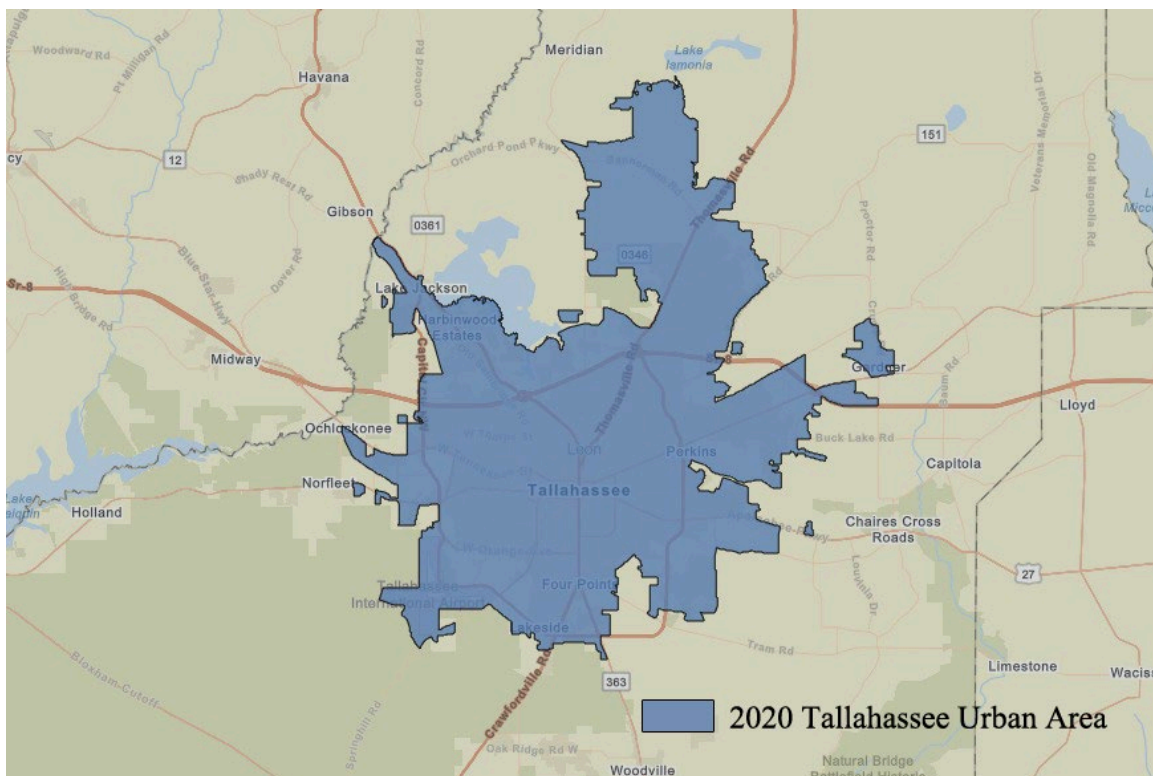

### REAPPORTIONMENT PLAN

TYPE OF ITEM: Discussion

#### STATEMENT OF ISSUE

Subsequent to each decennial Census, the CRTPA is required to review its membership apportionment plan. Per Florida Statute 339.175(3)(a), the membership is required reflect “an equitable geographic-population ratio basis”.

Based on the 2020 Census, the CRTPA’s regional population grew by 16,885 (367,413 to 384,298), an increase of 4.6%. The Tallahassee Urban Area (UA) (shown below) grew from 240,223 in 2010 to 252,934 in 2020, an increase of 12,711 residents (5.3%). The Tallahassee UA is developed by the Census Bureau based on housing density and should not be confused with the Urban Service Area. In general, the UA is developed based on an urban core of at least 425 residential units per square mile and at least 200 residential units per square mile outside the urban core.

Overall, the proportional population of each jurisdiction within the CRTPA changed very little as compared to 2010. Based on this, staff is recommending that the current membership apportionment be retained.
