### **Meeting Minutes**

Members Present: Marcus Thompkins, Vice- Chairman; Mary Kay Falconer; Hans van Tol; Roger Holdener

Staff Present: Greg Slay, Executive Director, CRTPA; Jack Kostrzewa, CRTPA; Greg Burke, CRTPA; Suzanne Lex, CRTPA; Yulonda Mitchell, CRTPA

The meeting was called to order at 11:38 AM with no quorum present.

1. **AGENDA MODIFICATIONS**
2. **PUBLIC COMMENT ON ITEMS NOT APPEARING ON THE AGENDA**
3. **CONSENT AGENDA**
  - A. Minutes of the June 6, 2023, CMAC Meeting
  - B. Unified Planning Work Program (UPWP) Amendment
  - C. Fiscal Year (FY) 2023 – FY 2027 & FY 2024 – FY 2028 Transportation Improvement Program (TIP) Amendment
  - D. Regional Trails Project Priority List Amendment

Ms. Lex noted a request was forwarded to CRTPA by Federal Highway Administration for an administrative amendment to add to Appendix F, Eastern Federal Lands of the FY 2023– FY 2027 Transportation Improvement Programs (TIP). This amendment would provide funding for the replacement of the boardwalk around Plum Orchard Pond Trail in Wakulla County.

Mr. Slay discussed the feasibility study of the Florida Arts Trail. He stated historically, the City of Quincy and Gadsden County opposed the trail when it was proposed several years ago. Mr. Slay stated the municipalities have since reached out to inquire about the trail. Mr. Slay noted that he explained

to the county there would need to be a formal request from the county for the Feasibility Study to proceed.

**Committee Action: No quorum was present; therefore, no action was taken on the consent agenda.**

**4. CONSENT ITEMS PULLED FOR DISCUSSION**

**5. PRESENTATION/DISCUSSION/ACTION**

**A. SR 267/Bloxham Cutoff Road Shared Use Trail Feasibility Study**

A feasibility study examining a connection between the St. Marks Trail and Wakulla Springs State Park has been developed.

RECOMMENDED ACTION: Recommend the CRTPA adopt the SR 267/Bloxham Cutoff Road Shared Use Trail Feasibility Study.

Mr. Gary Phillips, Halff Associates, provided information on the SR 267 Trail Feasibility Study stating the study initially started in August of 2022. He stated the study assessed the ability to construct a shared-use path along SR 267, also known as Bloxham Cutoff, between the Edward Ball Wakulla Springs State Park and the St. Marks Trail.

Mr. Philips discussed the existing conditions, environmental characteristics, design criteria and recommendations, and finally the alternatives analysis. The four alternatives were developed and presented to the committee. Mr. Phillips noted the off-system options had potential for environmental concerns and additional cost, therefore alternatives 3 and 4 were not recommended for the trail.

- Alternative 1: Wakulla Park Service Road/North Side of SR 267 – from the service road the trail would then cross SR 267 to the north side and connect to the Rosa Shingles Trailhead. From the Rosa Shingles Trailhead, the trail would continue east on the north side of SR 267 right-of-way until connecting to the St. Marks Trail.
- Alternative 2: Park Service Road/South Side of SR 267 – From the service road the trail would then continue east along SR 267 right-of-way until connecting to the St. Marks Trail. This would require crossing Shadeville Road at the intersection with SR 267.
- Alternative 3: Park Service Road/North Side Off-System – From the service road the trail would then cross SR 267 to the north side and connect to the Rosa Shingles Trailhead. The trail would then turn north and east with State Forest property until connecting back to the north side of SR 267 near the Wakulla State Forest Ranger Station. The trail would continue on the north side of SR 267 until connecting to the St. Marks Trail.
- Alternative 4: Park Service Road/South Side Off-System - From the service road the trail would then continue east along SR 267 right-of-way until turning south and following the eastern perimeter of Wakulla Springs State Park property. The trail would then head east until reaching the Electric transmission easement where the trail would head north until reaching SR 267. The trail would then follow along the southside of the SR 267 until crossing Shadeville road and connecting to the St. Mark's trail.

Lastly, Mr. Phillips discussed the public engagement for the project. He stated after the development of the alternatives, the CRTPA held a public meeting at the Wakulla Springs State Park Lodge to receive input from the public and answer questions relating to the project.

Next steps, include the design phase of the project which is scheduled to begin in January 2024. Mr. Phillips noted the construction of the project has not been funded. He also noted the project was added to the FDEP Priority Trail system earlier in 2023 and the next funding cycle of the SUN Trails is released in the fall 2023 and that CRTPA staff is planning to apply for construction funding through the program.

**Committee Action: No quorum was present; therefore, no action was taken on the SR 267/Bloxham Cutoff Road Shared Use Trail Feasibility Study**

**B. CRTPA Transportation Alternatives Program Subcommittee**

This item seeks three CMAC (3) members to volunteer to serve on the CRTPA TA Subcommittee. The subcommittee will meet to develop criteria associated with the review of TA applications as well as review and recommend a ranking of received applications to the CRTPA Board.

RECOMMENDED ACTION: Approve three (3) members of the CMAC to serve on the CRTPA's TA Subcommittee.

Mr. Buke briefly outlined the Transportation Alternatives program. Mr. Burke requested 3 members to serve on the TA subcommittee.

**Committee Action: Mr. Hanson, Mr. Thompkins and Mr. Van Tol volunteered to serve on the TA Subcommittee.**

**6. INFORMATION**

**A. Future Meeting Dates**

**7. ITEMS FROM COMMITTEE MEMBERS OR STAFF**

Ms. Falconer asked for an update on Thomasville Road Trail. Mr. Slay stated the design would not be reviewed by the committee at 90% of design and noted that there no real significant changes from the 60% design plan. He noted the project was seeking construction funds and that he anticipated funding in the next 5 years.

Mr. Justin Baldwin (FDEP) stated there would be a bike ride on October 1 from 9 am to 12 pm at the St. Marks Trailhead near Capital Circle-Woodville Highway.

**8. ADJOURNMENT**

Meeting was adjourned at 12:31 p.m.

**FISCAL YEAR (FY) 2024 – FY 2028**  
**TRANSPORTATION IMPROVEMENT PROGRAM**  
**AMENDMENT**

TYPE OF ITEM: TYPE OF ITEM: Consent

**STATEMENT OF ISSUE**

The purpose of this item is to amend the CRTPA Fiscal Year (FY) 2024 – FY 2028 Transportation Improvement Program (TIP) to include the following project:

- Tallahassee Connection: Sustainable Southside Transit Center 442542-3: (Leon County) Fifteen million in federal grant funding in FY 24 for the construction of the City of Tallahassee's project, the Sustainable Southside Transit Center.

**RECOMMENDED ACTION**

Option 1: Recommend the Board Adopt Resolution No. 2023-11-6A amending the FY 2024 – FY 2028 Transportation Improvement Program to the include the following project:

- Tallahassee Connection: Sustainable Southside Transit Center 442542-3: (Leon County) Fifteen million in federal grant funding in FY 24 for the construction of the City of Tallahassee StarMetro project, the Sustainable Southside Transit Center.

**HISTORY AND ANALYSIS**

Adopted annually, the CRTPA's Transportation Improvement Program reflects those projects in the region that have received state and federal funding in the Florida Department of Transportation (FDOT) Five-year Work Program. Subsequent to adoption, the TIP is occasionally amended to reflect project changes such as the addition or deletion of a project. The FDOT District Three requested Project No. 442542-3, and the associated federal funding, be amended into the CRTPA's TIP for the purpose of tracking the project.

Awarded through the Rebuilding American Infrastructure with Sustainability and Equity competitive grant process, the 15 million in funding will support the construction of the Southside Transit Center. Once complete the project enhances access to public transportation and supports the City's goal to provide a safe, sustainable, and reliable transportation system for all. In addition, while not reflected in the funding line, one million in state funding is programmed as part of the required funding match. This is noted on the project page.

Subsequent to Board approval, the executed Resolution will be forwarded to the Department of Transportation and the FY 2024– FY 2028 TIP will be updated to reflect the addition of the project.

COMMITTEE AGENDA ITEM 3D

**CRTPA AMENDED FISCAL YEAR (FY) 2025 – FY 2029  
REGIONAL TRAILS PROJECT PRIORITY LIST**

TYPE OF ITEM: Consent

**STATEMENT OF ISSUE**

The purpose of this item is to approve an amendment to the limits associated with Project Priority No. Three (Tallahassee to Havana Multi-Use Trail) on the CRTPA's Adopted FY 2025 - FY 2029 Regional Trails Project Priority List (**Attachment No. 1**).

**BACKGROUND AND ANALYSIS**

Annually the CRTPA adopts Project Priority Lists (PPLs) for which the agency is seeking transportation funding. The lists provide the Florida Department of Transportation (FDOT) guidance as that agency proceeds with development of the Annual State Work Program. Subsequent to the Board approval of the Regional PPL, the Florida Legislature approved additional funding for FDOT Shared Use Non-Motorized Trails (SUN Trails) program. FDOT announced that applications for this supplementary SUN Trails funding would be accepted through December of 2023.

This item seeks to revise the limits for the Tallahassee to Havana Multi-Use Trail project. As amended, the western termini is SR 12 at Salem Road in Gadsden County. To the east the project limits are extended further east in Leon County, with the termini at the eastern trail head parking for the Orchard Pond Greenway (**Attachment No. 2**). This segment of the regional network is identified as a Priority Project on the Florida Department of Environmental Protections (FDEP) Greenways and Trails map as a Land Trail Priority Corridor (**Attachment No. 3**). The revised limits are consistent with the CRTPA's application for funding through the SUN Trails. Following Board approval, the revised PPL is transmitted to FDOT District Three. Shortly thereafter the application for SUN Trails funding will be submitted for consideration to FDOT.

**RECOMMENDED ACTION**

Option 1: Recommend the Board adopt the amended FY 2025 – FY 2029 CRTPA Regional Trails Project Priority List.

## COMMITTEE AGENDA ITEM 5 A

### **CRTPA TRANSPORTATION ALTERNATIVES PROGRAM EVALUATION CRITERIA AND FUNDING GUIDANCE**

**TYPE OF ITEM:** Presentation/Discussion/Action

#### **STATEMENT OF ISSUE**

This item seeks approval of updated evaluation criteria to be used in the review of applications associated with the solicitation of Transportation Alternatives applications for the Fiscal Year (FY) 2026 – FY 2030 funding cycle. Additionally, the item seeks to update guidance related to the maximum amount of funding that may be requested per project application.

#### **RECOMMENDED ACTION**

Option 1: Recommend the CRTPA adopt the TA evaluation criteria as developed by the CRTPA's Transportation Alternatives Subcommittee and approve guidance to applicants limiting project funding requests to approximately twice the CRTPA's annual TA funding allocation.

#### **BACKGROUND**

The federal Transportation Alternatives Program was established with the July 6, 2012 signing of P.L. 112-141, the Moving Ahead for Progress in the 21st Century Act (MAP-21) by President Obama. Transportation Alternatives encompass a variety of smaller-scale transportation projects such as pedestrian and bicycle facilities, recreational trails, safe routes to school projects, community improvements such as historic preservation and vegetation management, and environmental mitigation related to stormwater and habitat connectivity.

For those Metropolitan Planning Organizations with a population greater than 200,000 (which includes the CRTPA), the agency must manage the competitive grant process, necessitating the creation of the CRTPA Transportation Alternatives Program (TAP). As a result, the CRTPA TAP coordinates the solicitation and ranking of TA projects within the four-county capital region prior to provision of the ranked projects to the FDOT for funding consideration.

The CRTPA TAP solicits *new* applications biennially (every two (2) years), consistent with Board direction. The most recent solicitation of new applications occurred in late 2021 and, as a result, the CRTPA recently formally initiated the solicitation of new applications.

Guiding the CRTPA TA Program is the CRTPA TA Subcommittee. The subcommittee, consisting of three (3) members from each of the CRTPA's two (2) committees (Citizens Multimodal Advisory Committee (CMAC) and Technical Advisory Committee (TAC)), reviews and recommends a ranking of the TA applications to the CRTPA Board.

The review of applications by the TA Subcommittee includes use of evaluation criteria that is adopted by the CRTPA Board. Ultimately, the projects are placed in recommended priority order on the agency's TA Project Priority List for CRTPA Board consideration and adoption (prior to submission to the Florida Department of Transportation).

### **LATEST INFORMATION**

With the 2021 passage of the [Bipartisan Infrastructure Law \(BIL\)](#) changes were made to the TA Program. Such changes include increased funding to the program as the [BIL](#) nearly doubled funding for the Transportation Alternatives (TA) Set-Aside (from \$850 million annually for fiscal years 2018 through 2020 to an average annual amount of \$1.44 billion from 2022 through 2026).

Within the CRTPA region, this increase amounts to an approximate annual average of \$660,000 of TA funds over the next five years pursuant to funding estimates provided by FDOT District 3. Previously, the CRTPA received approximately \$330,000 annually in TA funding exclusively dedicated to the CRTPA region.

Additional changes to the TA Program associated with the BIL include new language and guidance related to *equity*. Specifically, states are required to define "high need" communities and prioritize such communities in project selection. Furthermore, states are now authorized to use up to 5% of their TA funds for "administrative and technical assistance," making it easier for underserved and underrepresented communities to access the program.

The above changes to the TA Program associated with the BIL necessitate a re-evaluation of the CRTPA's TA Program to ensure consistency. Specifically, changes related to the CRTPA's TA evaluation criteria and applicant funding guidance are required, as discussed on the following page.

- EVALUATION CRITERIA**

Due to changes to the TA Program related to the requirement that equity be a consideration in the review of projects, a reexamination of the CRTPA's adopted review criteria occurred on October 18 by the TA Subcommittee. The Subcommittee evaluated the existing criteria (adopted by the CRTPA in January 2020 (below):

**ADOPTED CRITERIA**

After a review of the adopted criteria along with new requirements related to project selection, the Subcommittee recommended the following changes be made to the CRTPA's TA criteria:

**PROPOSED CHANGES TO CRITERIA**

CRTPA TRANSPORTATION ALTERNATIVES EVALUATION CRITERIA		MAXIMUM POINTS
1	<b>SAFETY</b> (Describe how the project will improve public safety for all transportation users <u>including addressing documented safety concerns</u> )	20
2	<b>CONNECTIVITY</b> (Describe how the project facilitates or improves multimodal linkages)	20
3	<del><b>ACCESSIBILITY</b> (Describe how the project contributes to enhanced mobility options for transp. disadvantaged)</del>	<del>20</del>
3	<b>EQUITY</b> (Describe how the project addresses equity by improving access to traditionally underserved communities as determined by the U.S. Census. Such communities could include low-income residents, minorities, those with limited English proficiency, persons with disabilities, children, or older adults)	20
4	<b>PUBLIC BENEFIT</b> (Describe how the project improves the public travel experience and travel options, <u>including benefits to the environment</u> )	20
5	<b>PROJECT CONSTRUCTABILITY</b> (Describe the project's constructibility related to environmental considerations)	10
<del>6</del> 5	<b>REGIONAL PLANS</b> (Describe how the project relates to the adopted plans of the region)	<del>5</del> 10
<del>7</del> 6	<b>COMMUNITY SUPPORT</b>	<del>5</del> 10
Maximum Total Points		100

The recommended changes include the addition of a new criterion (“Equity”) to meet the recent federal requirement that equity be considered in project selection. This proposed addition includes a related recommendation that the “Accessibility” criterion be removed. Although the “Accessibility” criterion included aspects related to equity, it did not fully address the issue of equity. The language proposed for use in the new “Equity” criterion is consistent with language in the [updated TA application](#) developed by the Florida Department of Transportation.

Other changes proposed for the TA evaluation criteria include removal of the “Project Constructability” criterion as the Subcommittee noted that if a project was not constructable it would be ineligible for TA funding consideration.

The following reflects the recommended update to the CRTPA’s TA evaluation criteria:

#### PROPOSED CRITERIA

CRTPA TRANSPORTATION ALTERNATIVES EVALUATION CRITERIA *		MAXIMUM POINTS
1	<b>SAFETY</b> (Describe how the project will improve public safety for all transportation users including addressing documented safety concerns)	20
2	<b>CONNECTIVITY</b> (Describe how the project facilitates or improves multimodal linkages)	20
3	<b>EQUITY</b> (Describe how the project addresses equity by improving access to traditionally underserved communities as determined by the U.S. Census. Such communities could include low-income residents, minorities, those with limited English proficiency, persons with disabilities, children, or older adults)	20
4	<b>PUBLIC BENEFIT</b> (Describe how the project improves the public travel experience and travel options, including benefits to the environment)	20
5	<b>REGIONAL PLANS</b> (Describe how the project relates to the adopted plans of the region)	10
6	<b>COMMUNITY SUPPORT</b>	10
<b>Maximum Total Points</b>		<b>100</b>

\* - Scheduled to be adopted at the November 21, 2023 CRTPA Meeting

- FUNDING GUIDANCE**

As discussed above, changes to the [Bipartisan Infrastructure Law \(BIL\)](#) include increased funding to the TA program. This increased funding almost doubles the anticipated TA funds for the CRTPA region to approximately \$660,000 annually over the next five years.

In [November 2021](#), the CRTPA approved a policy that limited the maximum amount of funding for TA applicants to \$650,000 (which, at the time, reflected approximately two-years of CRTPA TA allocation). As a result of the projected increase in dedicated CRTPA TA funding, staff is recommending that the CRTPA update the funding guidance to TA applicants limiting the maximum amount of TA funding that may be requested for a TA project to approximately twice the CRTPA’s annual allocation (versus explicitly noting an amount).

## **NEXT STEPS**

The following provides the general timeline associated with the CRTPA's 2023/2024 TA Solicitation Cycle:
