THIS METROPOLITAN PLANNING ORGANIZATION AGREEMENT (Agreement) is made and entered into on this _____ day of June 2020, by and between the STATE OF FLORIDA, DEPARTMENT OF TRANSPORTATION (Department), an agency of the State of Florida, whose address is Office of the District Secretary, 1074 Highway 90, Chipley, Florida 32428 and the Captial Region Transportation Plannning Agency (CRTPA) (MPO), whose address is 300 South Adams Street, Tallahassee, Florida 32301, and whose Data Universal Numbering System (DUNS) Number is: 831025601 (collectively the “parties”).

NOW, THEREFORE, in consideration of the mutual covenants, promises, and representation herein, the parties desiring to be legally bound, do agree as follows:

1. **Authority:** The MPO and the Department have authority to enter into this Agreement pursuant to 23 U.S.C. 134, 23 Code of Federal Regulations (CFR or C.F.R.) §450 and Section 339.175, Florida Statutes (F.S.), which, require the Department and the MPO to enter into an agreement clearly identifying the responsibilities for cooperatively carrying out the Federal Highway Administration (FHWA) portion of the Metropolitan Planning Process and accomplishing the transportation planning requirements of state and federal law.
2. **Purpose of the Agreement:** The purpose of this Agreement is to pass through financial assistance through the Department in the form of FHWA funds to the MPO for the completion of transportation related planning activities set forth in the Unified Planning Work Program (UPWP) of the MPO (Project), state the terms and conditions upon which FHWA funds will be provided, and set forth the manner in which work tasks and subtasks within the UPWP will be undertaken and completed. The Project is more fully described in the UPWP, which is attached and incorporated into this Agreement as Exhibit “A”.
3. **Scope of Work:** The UPWP, Exhibit “A”, constitutes the Scope of Work for this Agreement.
4. **Project Cost:** The total budgetary ceiling for the Project is \$3,609,386. The budget, including tasks, is summarized below and detailed in the UPWP, Exhibit “A”. The budget may be modified by mutual agreement as provided for in paragraph 8, Amendments.

The Department’s performance and obligation to pay under this Agreement is contingent upon an annual appropriation by the Legislature. No work shall begin before the Agreement is fully executed and a "Letter of Authorization" is issued by the Department. The total of all authorizations shall not exceed the budgetary ceiling established for this agreement and shall be completed within the term of this Agreement:

FINANCIAL PROJECT NO.	AMOUNT
43932331401	\$1,073,297 (PL)
43932331402	\$2,359,259 (SU)
43932331403	\$176,830 (CM)

5. **Non-federal Share:** The Department uses the U.S. Department of Transportation sliding scale federal/non-federal match ratio for metropolitan planning funds. This ratio is 81.93 percent federal and 18.07 percent non-federal. It is the policy of the Department to use a “soft match” using toll credits as authorized by Title 23 U.S.C. (Section 120) for the non-federal share for all FHWA sliding scale eligible funding programs. The MPO must identify and describe the soft match in its 2-year UPWP introduction and show the total amount of toll credits used to match the FHWA funds in the UPWP Summary Budget Tables.

6. **Term of Agreement:** This Agreement shall have a term of two (2) years. This Agreement shall begin on the later of July 1, 2020 or the date the Agreement is fully executed, whichever is later and expire on June 30, 2022. If the Agreement is fully executed after July 1, 2020, then the term of the Agreement shall be less than two (2) years and the Agreement shall expire on June 30, 2022. Expiration of this Agreement will be considered termination of the Project. The cost of any work performed after the expiration date of this Agreement will not be reimbursed by the Department.
7. **Renewals and Extensions:** This Agreement shall not be renewed or extended.
8. **Amendments:** Amendments may be made during the term of this Agreement. Any amendment must be in writing and signed by both parties with the same formalities as the original Agreement.
 - A. **Modifications versus Amendments to the UPWP:** Modifications and amendments to the UPWP budget may occur periodically. Modifications shall not increase the FHWA approved UPWP final total budget or change the scope of the FHWA approved work tasks. If the MPO makes a modification to the UPWP budget, then the MPO shall immediately send any such modifications to the Department. The Department will then forward the modifications to FHWA. Each budget category subtotal and individual line item costs contained in this Agreement are only estimates. The total budgetary ceiling cannot be exceeded, however shifts between budget categories and budget line items are acceptable and shall not require an amendment of the UPWP or this Agreement. Changes in the scope of an approved work task, the addition or deletion of an approved work task, or changes altering the total funding of an FHWA approved UPWP shall be considered amendments to the UPWP. Amendments to the UPWP must be approved by FHWA. Proposed amendments to the UPWP shall be filed with the Department. Within a reasonable amount of time, the Department shall review and transmit the proposed UPWP amendment and supporting documents to the FHWA with a recommendation for approval or denial. Transmittal of the proposed UPWP amendment and supporting documents to FHWA may be delayed by the Department due to the MPO failing to include all documentation required for the UPWP amendment. The Department shall immediately forward to the MPO all correspondence that the Department receives from FHWA regarding the proposed UPWP amendment. If FHWA approves the amendment to the UPWP then this Agreement and supporting documentation must be amended immediately following such approval.
9. **General Requirements:**
 - A. The MPO shall complete the Project with all practical dispatch in a sound, economical, and efficient manner, and in accordance with the provisions in this Agreement, the Interlocal Agreement establishing the MPO, and all applicable laws.
 - B. Federal-aid funds shall not participate in any cost which is not incurred in conformity with applicable Federal and State laws, the regulations in 23 C.F.R. and 49 C.F.R., and policies and procedures prescribed by the Division Administrator of FHWA. If FHWA or the Department determines that any amount claimed is not eligible, federal participation may be approved in the amount determined to be adequately supported and the Department shall notify the MPO in writing citing the reasons why items and amounts are not eligible for federal participation. Where correctable non-compliance with provisions of law or FHWA requirements exists, Federal funds may be withheld until compliance is obtained. Where non-compliance is not correctable, FHWA or the Department may deny participation in Project costs in part or in total. Any determination by the Department made pursuant to this section of the Agreement is subject to the conflict and dispute resolution process set forth in Section 14 of this Agreement.
 - C. The MPO's financial management system must comply with the requirements set forth in 2 CFR §200.302, specifically:

10. Compensation and Payment:

- A. The Department shall reimburse the MPO for costs incurred to perform services satisfactorily during a monthly or quarterly period in accordance with Scope of Work, Exhibit “A”. Reimbursement is limited to the maximum amount authorized by the Department. The MPO shall submit a request for reimbursement to the Department on a quarterly or monthly basis. Requests for reimbursement by the MPO shall include an invoice, an itemized expenditure report, and progress report for the period of services being billed that are acceptable to the Department. The MPO shall use the format for the invoice, itemized expenditure report and progress report that is approved by the Department. The MPO shall provide any other data required by FHWA or the Department to justify and support the payment requested.
- B. Pursuant to Section 287.058, Florida Statutes, the MPO shall provide quantifiable, measurable, and verifiable units of deliverables. Each deliverable must specify the required minimum level of service to be performed and the criteria for evaluating successful completion. The Project and the quantifiable, measurable, and verifiable units of deliverables are described in Exhibit “A”.
- C. Invoices shall be submitted by the MPO in detail sufficient for a proper pre-audit and post-audit based on the quantifiable, measurable and verifiable units of deliverables as established in Exhibit “A”. Deliverables must be received and accepted in writing by the Department’s Grant Manager prior to payments.
- D. The Department will honor requests for reimbursement to the MPO for eligible costs in the amount of FHWA funds approved for reimbursement in the UPWP and made available by FHWA. The Department may suspend or terminate payment for that portion of the Project which FHWA, or the Department acting in lieu of FHWA, may designate as ineligible for federal-aid. In regard to eligible costs, whichever requirement is more strict between federal and State of Florida requirements shall control. Any determination by the Department made pursuant to this section of the Agreement is subject to the conflict and dispute resolution process set forth in Section 14 of this Agreement.
- E. Supporting documentation must establish that the deliverables were received and accepted in writing by the MPO and must also establish that the required minimum level of service to be performed based on the criteria for evaluating successful completion as specified in the UPWP, Exhibit “A”, was met. All costs charged to the Project, including any approved services contributed by the MPO or others, shall be supported by properly executed payrolls, time records, invoices, contracts or vouchers evidencing in proper detail the nature and propriety of the charges.
- F. Bills for travel expenses specifically authorized in this Agreement shall be documented on the Department’s Contractor Travel Form No. 300-000-06 or on a form that was previously submitted to the Department’s Comptroller and approved by the Department of Financial Services. Bills for travel expenses specifically authorized in this Agreement will be paid in accordance with Section 112.061 Florida Statutes.
- G. Payment shall be made only after receipt and approval of goods and services unless advance payments are authorized by the Chief Financial Officer of the State of Florida under Chapters 215 and 216, Florida Statutes. If the Department determines that the performance of the MPO fails to meet minimum performance levels, the Department shall notify the MPO of the deficiency to be corrected, which correction shall be made within a time-frame to be specified by the Department. The MPO shall, within sixty (60) days after notice from the Department, provide the Department with a corrective action plan describing how the MPO will address all issues of contract non-performance, unacceptable performance, failure to meet the minimum performance levels, deliverable deficiencies, or contract non-compliance. If the corrective action plan is unacceptable to the Department, the MPO shall be assessed a non-performance retainage equivalent to 10% of the total invoice amount. The retainage shall be applied to the invoice for the then-current billing period. The retainage shall be withheld until the MPO resolves the deficiency. If the

deficiency is subsequently resolved, the MPO may bill the Department for the retained amount during the next billing period. If the MPO is unable to resolve the deficiency, the funds retained may be forfeited at the end of the Agreement's term.

- H. An invoice submitted to the Department involving the expenditure of metropolitan planning funds ("PL funds") is required by Federal law to be reviewed by the Department and issued a payment by the Department of Financial Services within 15 business days of receipt by the Department for review. If the invoice is not complete or lacks information necessary for processing, it will be returned to the MPO, and the 15-business day timeframe for processing will start over upon receipt of the resubmitted invoice by the Department. If there is a case of a bona fide dispute, the invoice recorded in the financial system of the Department shall contain a statement of the dispute and authorize payment only in the amount not disputed. If an item is disputed and is not paid, a separate invoice could be submitted requesting reimbursement, or the disputed item/amount could be included/added to a subsequent invoice.
- I. Records of costs incurred under the terms of this Agreement shall be maintained and made available upon request to the Department at all times during the period of this Agreement and for five years after final payment is made. Copies of these documents and records shall be furnished to the Department upon request. Records of costs incurred include the MPO's general accounting records and the project records, together with supporting documents and records, of the consultant and all subconsultants performing work on the project, and all other records of the Consultants and subconsultants considered necessary by the Department for a proper audit of costs.
- J. The MPO must timely submit invoices and documents necessary for the close out of the Project. Within 90 days of the expiration or termination of the grant of FHWA funds for the UPWP, the MPO shall submit the final invoice and all financial, performance, and related reports consistent with 2 CFR §200.
- K. The Department's performance and obligation to pay under this Agreement is also contingent upon FHWA making funds available and approving the expenditure of such funds.
- L. In the event this Agreement is in excess of \$25,000 and has a term for a period of more than one year, the provisions of Section 339.135(6)(a), Florida Statutes, are hereby incorporated:

"The Department, during any fiscal year, shall not expend money, incur any liability, or enter into any contract which, by its terms, involves the expenditure of money in excess of the amounts budgeted as available for expenditure during such fiscal year. Any contract, verbal or written, made in violation of this subsection is null and void, and no money may be paid on such contract. The Department shall require a statement from the comptroller of the Department that funds are available prior to entering into any such contract or other binding commitment of funds. Nothing herein contained shall prevent the making of contracts for periods exceeding 1 year, but any contract so made shall be executory only for the value of the services to be rendered or agreed to be paid for in succeeding fiscal years, and this paragraph shall be incorporated verbatim in all contracts of the Department which are for an amount in excess of \$25,000 and which have a term for a period of more than 1 year."

- M. **Disallowed Costs:** In determining the amount of the payment, the Department will exclude all Project costs incurred by the MPO prior to the effective date of this Agreement, costs incurred by the MPO which are not provided for in the latest approved budget for the Project, and costs attributable to goods or services received under a contract or other arrangements which have not been approved in writing by the Department. It is agreed by the MPO that where official audits by the federal agencies or monitoring by the Department discloses that the MPO has been reimbursed by the Department for ineligible work, under applicable federal and state regulations, that the value of such ineligible items may be deducted by the Department from subsequent reimbursement requests following determination of ineligibility. Upon receipt of a notice of ineligible items the MPO may present evidence supporting the propriety of the questioned reimbursements. Such evidence will be evaluated by the Department, and the MPO will be given final notification of the amounts, if any, to be deducted from subsequent reimbursement requests.

In addition, the MPO agrees to promptly reimburse the Department for any and all amounts for which the Department has made payment to the MPO if such amounts become ineligible, disqualified, or disallowed

for federal reimbursement due to any act, error, omission, or negligence of the MPO. This includes omission or deficient documentation of costs and charges, untimely, incomplete, or insufficient submittals, or any other reason declared by the applicable Federal Agency.

Any determination by the Department made pursuant to this section of the Agreement is subject to the conflict and dispute resolution process set forth in Section 14 of this Agreement.

- N. If, after Project completion, any claim is made by the Department resulting from an audit or for work or services performed pursuant to this Agreement, the Department may offset such amount from payments due for work or services done under any agreement which it has with the MPO owing such amount if, upon demand, payment of the amount is not made within 60 days to the Department. Offsetting any amount pursuant to this paragraph shall not be considered a breach of contract by the Department. Any determination by the Department made pursuant to this section of the Agreement is subject to the conflict and dispute resolution process set forth in Section 14 of this Agreement.
- O. **Indirect Costs:** A state or federally approved indirect cost rate may be applied to the Agreement. If the MPO does not have a federally approved indirect cost rate, a rate up to the de minimis indirect cost rate of 10% of modified total direct costs may be applied. The MPO may opt to request no indirect cost rate, even if it has a federally approved indirect cost rate.

11. Procurement and Contracts of the MPO

- A. The procurement, use, and disposition of real property, equipment and supplies shall be consistent with the approved UPWP and in accordance with the requirements of 2 CFR §200.
- B. It is understood and agreed by the parties to this Agreement that participation by the Department in a project with the MPO, where said project involves a consultant contract for engineering, architecture or surveying services, is contingent on the MPO's complying in full with provisions of Section 287.055, Florida Statutes, Consultants' Competitive Negotiation Act, the federal Brooks Act, 23 C.F.R. 172, and 23 U.S.C. 112. At the discretion of the Department, the MPO will involve the Department, to an extent to be determined by the Department, in the consultant selection process for all projects funded under this Agreement. In all cases, the MPO shall certify to the Department that selection has been accomplished in compliance with the Consultants' Competitive Negotiation Act and the federal Brooks Act.
- C. The MPO shall comply with, and require its consultants and contractors to comply with applicable federal law pertaining to the use of federal-aid funds.

12. Audit Reports: The administration of resources awarded through the Department to the MPO by this Agreement may be subject to audits and/or monitoring by the Department. The following requirements do not limit the authority of the Department to conduct or arrange for the conduct of additional audits or evaluations of Federal awards or limit the authority of any State agency inspector general, the State of Florida Auditor General or any other State official. The MPO shall comply with all audit and audit reporting requirements as specified below.

- A. In addition to reviews of audits conducted in accordance with 2 CFR Part 200, Subpart F – Audit Requirements, monitoring procedures may include but not be limited to on-site visits by Department staff and/or other procedures including, reviewing any required performance and financial reports, following up, ensuring corrective action, and issuing management decisions on weaknesses found through audits when those findings pertain to Federal awards provided through the Department by this Agreement. By entering into this Agreement, the MPO agrees to comply and cooperate fully with any monitoring procedures/processes deemed appropriate by the Department. The MPO further agrees to comply and cooperate with any inspections, reviews, investigations or audits deemed necessary by the Department, State of Florida Chief Financial Officer (CFO) or State of Florida Auditor General.
- B. The MPO, a non-Federal entity as defined by 2 CFR Part 200, Subpart F – Audit Requirements, as a subrecipient of a Federal award awarded by the Department through this Agreement is subject to the following requirements:
 - i. In the event the MPO expends a total amount of Federal awards equal to or in excess of the threshold established by 2 CFR Part 200, Subpart F – Audit Requirements, the MPO must have a

Federal single or program-specific audit for such fiscal year conducted in accordance with the provisions of 2 CFR Part 200, Subpart F – Audit Requirements. **Exhibit “B”, Federal Financial Assistance (Single Audit Act)**, to this Agreement provides the required Federal award identification information needed by the MPO to further comply with the requirements of 2 CFR Part 200, Subpart F – Audit Requirements. In determining Federal awards expended in a fiscal year, the MPO must consider all sources of Federal awards based on when the activity related to the Federal award occurs, including the Federal award provided through the Department by this Agreement. The determination of amounts of Federal awards expended should be in accordance with the guidelines established by 2 CFR Part 200, Subpart F – Audit Requirements. An audit conducted by the State of Florida Auditor General in accordance with the provisions of 2 CFR Part 200, Subpart F – Audit Requirements, will meet the requirements of this part.

- ii. In connection with the audit requirements, the MPO shall fulfill the requirements relative to the auditee responsibilities as provided in 2 CFR Part 200, Subpart F – Audit Requirements.
- iii. In the event the MPO expends less than the threshold established by 2 CFR Part 200, Subpart F – Audit Requirements, in Federal awards, the MPO is exempt from Federal audit requirements for that fiscal year. However, the MPO must provide a single audit exemption statement to the Department at FDOTSingleAudit@dot.state.fl.us no later than nine months after the end of the MPO's audit period for each applicable audit year. In the event the MPO expends less than the threshold established by 2 CFR Part 200, Subpart F – Audit Requirements, in Federal awards in a fiscal year and elects to have an audit conducted in accordance with the provisions of 2 CFR Part 200, Subpart F – Audit Requirements, the cost of the audit must be paid from non-Federal resources (*i.e.*, the cost of such an audit must be paid from the MPO's resources obtained from other than Federal entities).
- iv. The MPO must electronically submit to the Federal Audit Clearinghouse (FAC) at <https://harvester.census.gov/facweb/> the audit reporting package as required by 2 CFR Part 200, Subpart F – Audit Requirements, within the earlier of 30 calendar days after receipt of the auditor's report(s) or nine months after the end of the audit period. The FAC is the repository of record for audits required by 2 CFR Part 200, Subpart F – Audit Requirements, and this Agreement. However, the Department requires a copy of the audit reporting package also be submitted to FDOTSingleAudit@dot.state.fl.us within the earlier of 30 calendar days after receipt of the auditor's report(s) or nine months after the end of the audit period as required by 2 CFR Part 200, Subpart F – Audit Requirements.
- v. Within six months of acceptance of the audit report by the FAC, the Department will review the MPO's audit reporting package, including corrective action plans and management letters, to the extent necessary to determine whether timely and appropriate action on all deficiencies has been taken pertaining to the Federal award provided through the Department by this Agreement. If the MPO fails to have an audit conducted in accordance with 2 CFR Part 200, Subpart F – Audit Requirements, the Department may impose additional conditions to remedy noncompliance. If the Department determines that noncompliance cannot be remedied by imposing additional conditions, the Department may take appropriate actions to enforce compliance, which actions may include but not be limited to the following:
 - 1. Temporarily withhold cash payments pending correction of the deficiency by the MPO or more severe enforcement action by the Department;
 - 2. Disallow (deny both use of funds and any applicable matching credit for) all or part of the cost of the activity or action not in compliance;
 - 3. Wholly or partly suspend or terminate the Federal award;
 - 4. Initiate suspension or debarment proceedings as authorized under 2 C.F.R. Part 180 and Federal awarding agency regulations (or in the case of the Department, recommend such a proceeding be initiated by the Federal awarding agency);
 - 5. Withhold further Federal awards for the Project or program;
 - 6. Take other remedies that may be legally available.
- vi. As a condition of receiving this Federal award, the MPO shall permit the Department, or its designee, the CFO or State of Florida Auditor General access to the MPO's records including

financial statements, the independent auditor's working papers and project records as necessary. Records related to unresolved audit findings, appeals or litigation shall be retained until the action is complete or the dispute is resolved.

- vii. The Department's contact information for requirements under this part is as follows:

- C. The MPO shall retain sufficient records demonstrating its compliance with the terms of this Agreement for a period of five years from the date the audit report is issued and shall allow the Department, or its designee, the CFO or State of Florida Auditor General access to such records upon request. The MPO shall ensure that the audit working papers are made available to the Department, or its designee, the CFO, or State of Florida Auditor General upon request for a period of five years from the date the audit report is issued unless extended in writing by the Department.

- 13. Termination or Suspension:** The Department may, by written notice to the MPO, suspend any or all of the MPO's obligations under this Agreement for the MPO's failure to comply with applicable law or the terms of this Agreement until such time as the event or condition resulting in such suspension has ceased or been corrected. The Department will provide written notice outlining the particulars of suspension.

The Department may terminate this Agreement at any time before the date of completion if the MPO is dissolved or if federal funds cease to be available. In addition, the Department or the MPO may terminate this Agreement if either party fails to comply with the conditions of the Agreement. The Department or the MPO shall give written notice to all parties at least ninety (90) days prior to the effective date of termination and specify the effective date of termination.

The parties to this Agreement may terminate this Agreement when its continuation would not produce beneficial results commensurate with the further expenditure of funds. In this event, the parties shall agree upon the termination conditions.

Upon termination of this Agreement, whether for cause or at the convenience of the parties, all finished or unfinished documents, data, studies, surveys, reports, maps, drawings, models, photographs, etc., prepared by the MPO shall, at the option of the Department, be delivered to the Department.

The Department shall reimburse the MPO for those eligible expenses incurred during the Agreement period that are directly attributable to the completed portion of the work covered by this Agreement, provided that the work has been completed in a manner satisfactory and acceptable to the Department. The MPO shall not incur new obligations for the terminated portion after the effective date of termination.

The Department reserves the right to unilaterally cancel this Agreement for refusal by the MPO or any consultant, sub-consultant or materials vendor to allow public access to all documents, papers, letters or other material subject to the provisions of Chapter 119, Florida Statutes, and made or received in conjunction with this Agreement unless the records are confidential or exempt.

The conflict and dispute resolution process set forth in Section 14 of this Agreement shall not delay or stop the Parties' rights to terminate the Agreement.

- 14. Remedies:** Violation or breach of Agreement terms by the MPO shall be grounds for termination of the Agreement. Any costs incurred by the Department arising from the termination of this Agreement shall be paid by the MPO.

This Agreement shall not be considered as specifying the exclusive remedy for any dispute, but all remedies existing at law and in equity may be availed of by either party and shall be cumulative.

- 15. Conflict and Dispute Resolution Process:** This section shall apply to conflicts and disputes relating to matters subject to this Agreement, or conflicts arising from the performance of this Agreement. If possible, the parties shall attempt to resolve any dispute or conflict within thirty (30) days of a determination of a dispute or conflict. This

section shall not delay or stop the Parties' rights to terminate the Agreement. In addition, notwithstanding that a conflict or dispute may be pending resolution, this section shall not delay or stop the Department from performing the following actions pursuant to its rights under this Agreement: deny payments; disallow costs; deduct the value of ineligible work from subsequent reimbursement requests, or; offset pursuant to Section 9.N of this Agreement.

- A. Initial Resolution:** The affected parties to this Agreement shall, at a minimum, ensure the attempted early resolution of conflicts relating to such matters. Early resolution shall be handled by direct discussion between the following officials: for the Department - the Intermodal Systems Development Manager; and for the MPO - the Staff Director.
- B. Resolution by Senior Agency Official:** If the conflict remains unresolved, the conflict shall be resolved by the following officials: for the Department - the District Secretary; and for the CRTPA - the Chairperson of the MPO.
- C. Resolution of Conflict by the Agency Secretary:** If the conflict is not resolved through conflict resolution pursuant to the provisions, "Initial Resolution" and "Resolution by Senior Agency Official" above, the conflict shall be resolved by the Secretary for the Department of Transportation or their delegate. If the MPO does not agree with the resolution provided by the Secretary for the Department of Transportation, the parties may pursue any other remedies set forth in this Agreement or provided by law.

- 16. Disadvantaged Business Enterprise (DBE) Policy and Obligation:** It is the policy of the Department that DBE's, as defined in 49 C.F.R. Part 26, as amended, shall have the opportunity to participate in the performance of contracts financed in whole or in part with Department funds under this Agreement. The DBE requirements of applicable federal and state laws and regulations apply to this Agreement.

The MPO and its contractors and consultants agree to ensure that DBE's have the opportunity to participate in the performance of this Agreement. In this regard, all recipients and contractors shall take all necessary and reasonable steps in accordance with applicable federal and state laws and regulations to ensure that the DBE's have the opportunity to compete for and perform contracts. The MPO and its contractors, consultants, subcontractors and subconsultants shall not discriminate on the basis of race, color, national origin or sex in the award and performance of contracts, entered pursuant to this Agreement.

17. Compliance with Federal Conditions and Laws:

- A.** The MPO shall comply and require its consultants and subconsultants to comply with all terms and conditions of this Agreement and all federal, state, and local laws and regulations applicable to this Project. - C. Title VI Assurances:** The MPO will comply with all the requirements imposed by Title VI of the Civil Rights Act of 1964, the regulations of the U.S. Department of Transportation issued thereunder, and the assurance by the MPO pursuant thereto, including but not limited to the requirements set forth in Exhibit "C", Title VI Assurances. The MPO shall include the attached Exhibit "C", Title VI Assurances, in all contracts with consultants and contractors performing work on the Project that ensure compliance with Title VI of the Civil Rights Act of 1964, 49 C.F.R. Part 21, and related statutes and regulations.
- D. If any funds other than federally-appropriated funds have been paid by the MPO

The MPO shall require that the language of this paragraph be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly. INTRODUCTION

The Unified Planning Work Program (UPWP) has been prepared to define the tasks to be performed with funds under Title 23 Sections 134 (Metropolitan Transportation Planning), 135 (Statewide Transportation Planning) and Title 49 (Public Transportation) by the Capital Region Transportation Planning Agency (CRTPA) for the period July 1, 2020, through June 30, 2022. This document serves to define activities for the public as well as public officials and agencies that contribute manpower and allocate funds to the transportation planning process. The UPWP provides a description of planning tasks and an estimated budget for each of the planning tasks to be undertaken by the CRTPA. Planning activities programmed within the UPWP meet the level of effort requirements anticipated by the CRTPA to meet local priorities as well as the requirements of Federal Highway Administration (FHWA), Federal Transit Administration (FTA), and the Florida Department of Transportation (FDOT). FHWA and FTA provide funding support through the FDOT in the form of PL, SU, SA and CM funds (FHWA) and the Section 5305(d) funds (FTA). Any expenses not covered by federal funds utilize local funding provided by the member governments of the CRTPA.

In addition, "Section 120 of Title 23, U.S.C., permits a State to use certain toll revenue expenditures as a credit toward the non-Federal matching share of all programs authorized by Title 23, (with the exception of Emergency Relief Programs) and for transit programs authorized by Chapter 53 of Title 49, U.S.C. This is in essence a "soft-match" provision that allows the Federal share to be increased up to 100% to the extent toll revenue credits are available. The "soft match" amount being utilized to match the PL, SU and CM funding (\$3,609,386) in the UPWP is 18.07% of FHWA program funds for a total of \$ 652,216.

Public involvement for the development of the UPWP is accomplished through the regularly scheduled meetings of the Technical Advisory Committee (TAC) and Citizens Multimodal Advisory Committee (CMAC), (draft & final) and CRTPA (draft & final approval). The draft UPWP is also placed on the CRTPA website for public review prior to approval by the CRTPA consistent with the policies of the CRTPA's Public Involvement Plan (PIP).

Development of this UPWP officially began on January 29, 2020 with a kickoff meeting held between CRTPA staff and the Florida Department of Transportation to discuss the overall process. Consistent with previous years, the UPWP was developed through reviewing and updating tasks contained within the preceding document in coordination with CRTPA staff and outside agencies responsible for the tasks identified within the document. Development of the UPWP also included a review of the CRTPA's top critical priorities as identified at its past Annual retreats and development of tasks to address these priorities. In addition, staff reviewed the requirements related to development of UPWPs as contained within Chapter 3 of the Metropolitan Planning Organization Program Management Handbook.

The draft UPWP was presented to the CRTPA Board and its subcommittees for comment (March 2020) and finalized by the CRTPA at its May 19, 2020 meeting. In addition, the draft and final UPWP is posted on the CRTPA's web page - www.crtpa.org.

Subsequent to adoption, the UPWP is reviewed throughout the year to ensure consistency between staff work efforts and tasks identified within the document as well as monitoring work progress and assessing

INTRODUCTION (CONT.)

the need for possible amendment. The UPWP reflects compliance with the comprehensive Title VI of the Civil Rights Act of 1964 and Environmental Justice (Executive Order 12898) procedures. Additionally, the UPWP addresses any Annual and applicable state and federal Planning Emphasis Areas as detailed in Section II: Organization and Management. Although the CRTPA is in air quality attainment status, CRTPA staff in conjunction with the Florida Department of Transportation continues to monitor the CRTPA's air quality status as well as air quality issues.

Transportation planning in the CRTPA planning area is guided by the Regional Mobility Plan (RMP), also referred to as the Long Range Transportation Plan. The updated RMP is slated for adoption at the

November 2020 meeting. The RMP utilizes input from government officials, citizen's advisory boards, technical experts and the public. Selected projects from the Cost Feasible Plan are identified in the Transportation Improvement Program (TIP) project priority listing. These projects are prioritized on an Annual basis.

FEDERAL PLANNING FACTORS

In December 2015, the [Fixing America's Surface Transportation Act](#) (FAST Act) was signed into law. The FAST Act serves as the primary surface transportation legislation and is valid until September 30, 2020. The bill identifies ten planning factors that shall be considered as part of the review of projects and plans. Those factors are as follows:

1. Support the economic vitality of the metropolitan area, especially by enabling global competitiveness, productivity, and efficiency;
2. Increase the safety of the transportation system for motorized and non-motorized users;
3. Increase the security of the transportation system for motorized and non-motorized users;
4. Increase the accessibility and mobility of people and for freight;
5. Protect and enhance the environment, promote energy conservation, improve quality of life, promote consistency between transportation improvements and State and local planned growth and economic development patterns;
6. Enhance the integration and connectivity of the transportation system, across and between modes, for people and freight;
7. Promote efficient system management and operation; and
8. Emphasize the preservation of the existing transportation system.
9. Improve the resiliency and reliability of the transportation system and reduce or mitigate storm water impacts of surface transportation.
10. Enhance travel and tourism.

Table I, on page 37, illustrates the CRTPA's consideration of the ten planning factors in the transportation planning process.

FDOT DISTRICT THREE PLANNING ACTIVITIES

State assistance is provided primarily through the District Three Office and the FDOT District Three Liaison. The District supports the C RTPA planning activities with data collection, modeling, feasibility and corridor studies, and project development. The following lists the FDOT District Three Planning Activities.

- GIS Application Development and System Maintenance
- Systems Planning and Reviews
- Interchange Reviews
- Travel Demand Model Development (FSUTMS)
- Efficient Transportation Decision Making (ETDM)
- Community Impact Assessment
- Statistics
- Federal Functional Classification
- Traffic Counts Program
- Modal Development Technical Support
- State Highway System Corridor Studies
- State Highway System Complete Streets Classification
- Growth Management Development Impact Reviews
- Safety and Access Management Studies

STATE PLANNING EMPHASIS AREAS

In addition to the FAST Act planning factors, both the FHWA and FDOT periodically develop Planning Emphasis Areas (PEAs) for consideration as part of the transportation planning process. Some of the State PEAs are FHWA requirements that are considered as part of the transportation planning process.

ACES (AUTOMATED/CONNECTED/ELECTRIC/SHARED-USE) VEHICLES

Adopting and supporting innovative technologies and business practices supports all seven goals of the Florida Transportation Plan and the federal planning factors found in the FAST Act. ACES may lead to great improvements in safety, transportation choices, and quality of life for Floridians, our visitors, and the Florida economy. Though there is a great deal of speculation and uncertainty of the potential impacts these technologies will have, MPOs need to determine how best to address the challenges and opportunities presented to them by ACES vehicles.

SAFETY

Safety has been a federal and state planning priority over numerous iterations of the transportation legislation and policy. The FAST ACT required MPOS to adopt Safety Performance Measures, and to Annually report on and monitor progress against their adopted safety performance measures. Planning activities included in the UPWP may include the identification of safety needs in the MPO's LRTP or TIP, stand-alone safety studies for areas or corridors, or safety considerations within modal planning elements.

STATE PLANNING EMPHASIS AREAS (CONT.)

SYSTEM CONNECTIVITY

Connectivity is a concept that is emphasized both at the federal and state levels. A connected system is often more cost-effective and better able to address natural and manmade constraints. System connectivity within the Metropolitan Planning Area should serve the unique needs of the urban and non-urban jurisdictions. Coordination with member jurisdictions to identify their connectivity needs and linking metropolitan and non-urban or rural areas is an integral component of system connectivity. Connectivity should also include multimodal linkages that are supportive of both passengers and freight. A connected network supports users traveling by a variety of modes.

RESILIENCE

Resilience is defined as the ability to adapt to changing conditions and prepare for, withstand, and recover from disruption. These conditions can encompass a wide variety of environmental, technological, economic, or social impacts. Resilience within the planning processes should be a consideration within every planning document prepared by an MPO with an emphasis on coordination with agency partners responsible for natural disaster risk reduction, or who may be developing local resilience planning initiatives. Additionally, the increased costs associated with reducing vulnerability of the existing transportation infrastructure *should* be a factor. Proactive resiliency planning will help the CRTPA develop planning documents that are ultimately more realistic and cost-effective.

ORGANIZATION AND MANAGEMENT OF THE CRTPA

The CRTPA is the public agency responsible for developing policies and procedures to guide the transportation planning process for the Metropolitan Planning Area (MPA). The MPA is consistent with Tallahassee Metropolitan Statistical Area (MSA) and includes Leon, Gadsden, Wakulla and Jefferson counties as well as their respective municipalities. As the agency directly responsible for the guidance of the transportation planning process, the CRTPA strives to ensure that the recommendations are in keeping with the goals and standards of the federal and state government, as well as its member governments. The CRTPA board is composed of members of the Gadsden, Leon, Jefferson and Wakulla County Commissions, the City of Tallahassee City Commission and the Leon County School Board. In addition, the six municipalities of Gadsden County (the Cities of Chattahoochee, Gretna, Midway and Quincy and the Towns of Havana and Greensboro) are represented by one elected official selected by the municipalities. The Gadsden County municipal representative serves a two-year term.

The CRTPA functions include, but are not limited to, the preparation of the required tasks assigned. Its Annual responsibilities are to perform the tasks of preparing the UPWP, the TIP, and the Annual CRTPA Audit Report. As with all transportation planning delegated by the federal and state laws, the CRTPA is responsible for insuring adequate representation and compatibility of state, county, and municipal projects in the transportation planning process. This includes consideration of all modes of transportation with respect to the needs of the elderly and handicapped as outlined in the Americans with Disabilities Act.

ORGANIZATION AND MANAGEMENT OF THE CRTPA (CONT.)

The CRTPA staff is responsible for collecting and disseminating all information from the transportation planning process to the public. The work effort required to support the planning process is administered by the CRTPA staff in cooperation with local governments and the FDOT. Other agencies that are consulted in various phases of the planning process include the Department of Environmental Protection, the Federal Aviation Administration, Federal Rail Administration and the Water Management District Offices. Additional public input is provided through public meetings; public hearings; online surveys and interactive documents; and civic meetings.

In March 2017 the CRTPA Board approved updates to the Bylaws, Policies and Procedures. The adopted [Bylaws, Policies and Procedures](#) serve to guide the proper functioning of the urban transportation planning process and contain information related to the structure, duties and funding of the CRTPA. Two advisory committees, the Citizens Multimodal Advisory Committee (CMAC) and the Technical Advisory Committee (TAC), provide input as part of the public involvement process. The CMAC is composed of members of the public who represent the general welfare of the community. The TAC, composed of engineers, planners, and other related transportation professionals, reviews plans, programs, and projects and recommends solutions to the CRTPA based on technical expertise. The CMAC and TAC meet approximately two weeks prior to regularly scheduled CRTPA meetings to ensure that their recommendations are incorporated into the CRTPA agenda items and provided to CRTPA members in a timely manner. Adopted [Bylaws](#) governing the activities of the advisory committees are available for review on the CRTPA website. In addition, the Transportation Disadvantaged Local Coordinating Board (TDLCB) identifies the local needs of the transportation disadvantaged population and investigates alternatives to meet those needs. The TDLCB is staffed through the Apalachee Regional Planning Council.

Other agreements with state and local governments, and local and regional agencies, also promote the “3-C” planning process. These agreements are listed below.

Intergovernmental Coordination and Review and Public Transportation Coordination Joint Project Agreement (ICAR): Updated in 2018, the ICAR establishes that the parties will cooperatively coordinate their efforts related to the transportation planning process and assure that highway facilities, mass transit, air transportation and other facilities will be properly located and developed in relation to the overall plan of community development. Parties to the ICAR are the FDOT, the CRTPA, the Apalachee Regional Planning Council, the City of Tallahassee StarMetro, and the City of Tallahassee Regional Airport,

The Amended Interlocal Agreement for the Formation and Operation of the CRTPA: The agreement between the CRTPA, the FDOT; Leon, Wakulla, Gadsden and Jefferson Counties; the Cities of Chattahoochee, Gretna, Midway, Quincy and Tallahassee; the Towns of Havana and Greensboro; and the Leon County School Board was adopted and executed on March 13, 2014. This Agreement reaffirms the membership of the CRTPA Board and its responsibilities.

Public Transportation Grant Agreement: In support of metropolitan planning activities, the Public Transportation Grant Agreement provides FTA Section 5305 (d) funds, and state funds for ten percent of the local cash match. The Agreement, executed on June 26, 2019, is effective through June 30, 2023.

ORGANIZATION AND MANAGEMENT OF THE CRTPA (CONT.)

The Metropolitan Planning Organization Agreement: The purpose of this agreement is to pass financial assistance to the CRTPA through the Florida Department of Transportation (FDOT) in the form of Federal Highway Administration (FHWA) funds for the completion of transportation related planning activities set forth in the CRTPA's Unified Planning Work Program (UPWP). A new two-year MPO Agreement will be executed subsequent to the adoption of the FY 2021- FY 2022 UPWP.

Staff Services Agreement: Approved by the CRTPA Board in 2019, the day-to-day operations of the CRTPA are accomplished through the Staff Services Agreement with the City of Tallahassee. The agreement outlines the administrative/professional support services and financial responsibilities of each party. All costs for the COT services and staff fringe benefits are established as a direct rate in the CRTPA's budget.

STATUS OF LOCAL AND REGIONAL PLANNING ACTIVITIES

CONNECTIONS 2045 REGIONAL MOBILITY PLAN

The CRTPA is required to update the Long Range Transportation Plan (LRTP) in five-year cycles. As mentioned previously, the Connections 2040 RMP was adopted in December 2015. Most of the work to update the RMP to the 2045 horizon year was completed under the previous UPWP. The final [Connections 2045 RMP](#) is slated for adoption in November 2020. The RMP identifies roadway, transit, bicycle and pedestrian projects within the CRTPA planning area. The Leon County section of bicycle and pedestrian projects were identified in the 2019 Tallahassee-Leon County Bicycle and Pedestrian Master Plan. Roadway and other multi-modal projects are identified in coordination with the CRTPA's transportation planning partners and other member jurisdictions.

TALLAHASSEE-LEON COUNTY BICYCLE AND PEDESTRIAN MASTER PLAN

In November 2019 [Tallahassee-Leon County Bicycle and Pedestrian Master Plan](#) (BPMP) was finalized and accepted by the Board. A primary goal of the plan is to make walking and bicycling more convenient and safer for citizens and visitors. In addition, the BPMP identifies projects which provide connectivity to other transportation systems, reduce vehicle conflicts, promote a healthier mode choice, and provide equity for transportation disadvantaged populations.

SOUTHWEST AREA TRANSPORTATION PLAN

A multi-roadway plan, the [Southwest Area Transportation Plan](#) was a joint effort of the CRTPA and the Blueprint Intergovernmental Agency (BPIA) and includes a multi-modal review of three corridors: Orange Avenue; Lake Bradford Road; and Springhill Road. The CRTPA portion of the plan focused on the Orange Avenue corridor from Monroe Street to Capital Circle SW and identified improvements for continuous bike facilities and sidewalks, enhancing pedestrian safety and accessibility, and connecting the St. Marks Trail to Orange Avenue. At the April 2019 CRTPA Board Meeting, the Orange Avenue corridor plan was adopted. The document also provides guidance for Project Development and Environment (P&DE) study underway by the FDOT.

STATUS OF LOCAL AND REGIONAL PLANNING ACTIVITIES (CONT.)

MONTICELLO TRAIL EXTENSION FEASIBILITY STUDY

This [Monticello Trail Extension Study](#) reviewed available alternatives to extend the existing Monticello Multiuse Trail south to connect to Jefferson County Middle and High Schools. In addition, the feasibility study assessed opportunities for connectivity between local neighborhoods, places of interest as well as the potential for connectivity to regional trail networks proposed in the vicinity

PERFORMANCE MEASURES

The FAST Act requires MPO to adopt a series of performance measures to establish a data-driven approach for comprehensive and coordinated transportation and safety planning, and to improve decision making for prioritizing transportation projects. Performance measures adopted for safety, mobility, pavement and bridge conditions, are reviewed and updated Annually.

US27/DOWNTOWN HAVANA CORRIDOR IMPROVEMENT STUDY

In cooperation with the Town of Havana and the FDOT, the CRTPA reviewed potential improvements to enhance pedestrian facilities for several blocks of Downtown Havana. The [US 27/Downtown Havana Corridor](#) study supports the desire of the Town to both improve the pedestrian environment as well as corridor aesthetics. The final report recommended eliminating one southbound travel lane on US 27 and reallocating the remaining pavement for wider sidewalks and/or planting strip/landscaping.

CONGESTION MANAGEMENT PROCESS PLAN

The [CRTPA Congestion Management Plan Process \(CMP\)](#), Phase I, was developed through a coordinated and collaborative process focused on achieving regional transportation goals and objectives. Input was obtained from stakeholders, agencies and organizations from the four-county region. The update provides for the development of tools and strategies focused on the reduction of peak hour vehicle miles of travel and congestion; the improvement of connectivity between employment centers and areas with concentrations of transportation disadvantaged populations; and supports access to jobs. The final CMP Phase I includes specific strategies and improvements to address identified congestion areas.

MIDTOWN AREA TRANSPORTATION PLAN

Phase I of the [Midtown Area Transportation Plan](#) provided a traffic operations study to gain a better understanding of the travel patterns for all transportation modes in and around the Midtown area. The first phase of the plan identified potential modifications and enhancements to the transportation network and was accepted by the Board at the February 2018 meeting. Subsequently, Phase II was initiated and builds upon the options identified and evaluated in Phase I. The second phase focused on public involvement and gathering input regarding the multi-modal improvements needed to make walking, bicycling, and transit use easier, safer and more pleasant in the Midtown area. The recommendations reflect a vision for Midtown that was identified through comprehensive public input and provide a pathway on how to improve Midtown's mobility, vibrancy and safety.

STATUS OF LOCAL AND REGIONAL PLANNING ACTIVITIES (CONT.)

CORRIDOR AND SAFETY STUDIES

Corridor studies for [Pensacola Street and Tharpe Street](#) were initiated to analyze existing and projected future conditions along the corridors and to identify potential projects to improve mobility and efficiency without major capacity expansions. An operational analysis assessed capacity constraints and opportunities, evaluated transit accessibility, identified spot congestion and documented the lack of bicycle and pedestrian facilities. The assessments explored potential Complete Streets applications as well as enhanced typical sections. Additionally, for Bannerman Road an operational assessment was completed. It evaluated the existing conditions and served to inform BPIA as the agency moves forward with a future capacity project.

Conducted by the FDOT, the [Thomasville Road Safety Study from 7th Avenue to Betton/Bradford Rd](#) evaluated operational and roadway safety issues along Thomasville Road and provided recommendations on potential changes to the roadway to improve identified safety concerns. This study serves as the foundation for an access management study underway by the FDOT.

REGIONAL TRAILS

Over the last two years, the CRTPA continued to make significant progress on the development of a regional trail system. In 2014, the CRTPA completed the [Capital City to the Sea Trails Master Plan](#) (CC2S). Utilizing the existing St. Marks Trail as well as new trail opportunities, the Plan provided a significant blueprint to develop over 130 miles of multi-use trails. The [segment of the Coastal Trail](#) along US 98 from Wakulla High School to the St. Marks Trail was opened to the public in May 2018. FDOT has committed funding for the remaining segments from the Ochlockonee Bay Trail to Wakulla High School in 2022. The CRTPA continues to work with our state partners at the FDOT and The Office of Greenways and Trails, local member governments, the [Florida Greenways and Trail Foundation](#), and stakeholders in the development of the CC2S.

STARMETRO TRANSIT ASSET MANAGEMENT PLAN

In September 2018 the CRTPA Board adopted StarMetro's Transit Asset Management Plan (TAMP). The TAMP uses the condition of assets to guide the optimal prioritization of funding at transit agencies in order to keep transit systems in a State of Good Repair (SGR).

INTELLIGENT TRANSPORTATION SYSTEM MASTER PLAN

In February 2018, the CRTPA, in partnership with the Tallahassee Advanced Traffic Management System (TATMS), initiated an update to the [Intelligent Transportation System \(ITS\) Master Plan](#) for Tallahassee/Leon County. In addition to identifying improvements, the updated Master Plan provides a comprehensive roadmap for planning, implementation, operation, and maintenance of the City's Intelligent Transportation Systems and ITS communications assets.

PRIORITIES FOR FY 2020/21 AND FY 2021/22

CONGESTION MANAGEMENT PLAN PROCESS PART II

Phase II of the update to the Congestion Management Process Plan (CMP) will build upon the identified strategies to improve congestion/delay levels as well as safety improvements. The second phase of the CMP update refines the evaluation criteria for assessing projects and ensuring that investment decisions are made with a clear focus on desired outcomes. Additionally, selected projects in the final CMP will advance the goals developed as part of the Connections 2045 RMP.

STARMETRO COMPREHENSIVE OPERATIONAL ANALYSIS

The CRTPA is partnering with StarMetro to complete a Comprehensive Operations Analysis (COA). The COA will collect a variety of data including ridership, on-time performance, stop-level usage, and individual route characteristics. The data will be used to perform route efficiencies and determine additional modifications to routes and services that will improve overall system performance. The COA is the means of adjusting and adapting transit operations to improve efficiency and more closely achieve the objectives of the StarMetro Transit Development Plan (TDP).

REGIONAL TRANSIT STUDY REEVALUATION

On March 15, 2010, the CRTPA Board accepted the [Regional Transit Study \(RTS\)](#). The study was initiated to develop a long-term transit vision for the capital region (Gadsden, Jefferson, Leon and Wakulla counties). As such, the study was the first of its kind to address regional transit needs. The study's goals were to prepare an assessment of future transit needs for the region; identify and assess realistic funding strategies; identify an organizational structure that will promote the development of a seamless, regional transit system; and identify an implementation strategy and milestones. The reevaluation will look at the identified goals, as well as the potential institutional structure for oversight and costs/funding. This reevaluation will determine necessary updates to the RTS.

STADIUM DR./N. LAKE BRADFORD RD./GAINES ST./VARSITY DR. INTERSECTION STUDY

For the past several years, there has been discussion about modifying this intersection to promote the safe passage of pedestrians, cyclists and vehicles alike. This study will review possible improvements to the intersection, including the development of potential alternate routes to divert traffic around/away from the intersection.

WAKULLA SPRINGS MULTI-USE TRAIL (SR 267/BLOXHAM CUTOFF) FEASIBILITY STUDY

A connection from the St. Marks Trail to Wakulla Springs State Park is included in the Capital City-to-the-Sea Trail Plan. This proposed trail segment is on SR 267/Bloxham Cutoff from the Wakulla Springs State Park Entrance to the St. Marks Trail. In addition to a review of right-of-way availability and identifying potential trail alignments, the study will assess any potential fatal-flaw issues associated with the development of the multiuse path.

PRIORITIES FOR FY 2020/21 AND FY 2021/22 (CONT.)

U.S. 90 MONTICELLO TO TALLAHASSEE MULTI-USE TRAIL FEASIBILITY STUDY

This project is to determine the feasibility of connecting the City of Monticello to the City of Tallahassee via a multi-use trail along U.S. 90. The limits of this project, approximately 25 miles in length, are from the existing Monticello Bike Trail in downtown Monticello (east) to where the existing bike lanes and sidewalks terminate at Pedrick Road (west) on U.S. 90. As part of the feasibility study existing right-of-way, publicly owned lands and cultural resources, environmental features and any physical barriers will be documented. Identifying possible constraints, and coordinating with applicable agencies and local governments, will help to determine the least impactful route for a multi-use trail that provides a safe, comfortable connection between these two municipalities.

THOMASVILLE ROAD MULTIUSE PATH FEASIBILITY STUDY

Identified as one of the significant gaps in the bicycle pedestrian network, the Thomasville Road corridor has limited facilities and substandard bike lanes in portions of the corridor. Ranked the top major project in the BPMP, this feasibility study is the initial pilot project. The limits for the study are from Betton Road/Bradford Road (south) to approximately Live Oak Planation Road (north), with the intent to determine connectivity from this northern terminus to the Market Square District. This feasibility study will determine to what extent, considering costs and impacts, can a shared-use path be accommodated along this corridor. The primary goal of the Thomasville Road shared-use path providing a safe facility for residents in the area to travel via bicycle or walking.

APALACHEE PARKWAY MULTI-USE TRAIL CONNECTION FEASIBILITY STUDY

This study will evaluate the feasibility of a trail connection from Apalachee Parkway from Sutor Road to Conner Blvd. and is component of the [Southwood Greenway Trail](#). The feasibility study will evaluate existing right-of-way, physical conditions and identify any constraints. The proposed segment would provide connectivity between several existing greenways, parks and residential areas.

OAK RIDGE ROAD MULTI-USE TRAIL FEASIBILITY STUDY

The [Pine Flats Greenway](#) is a collection of interconnected trails that provide regional mobility and connectivity between the urban area of Tallahassee and the Woodville rural community. One component of the system is the Oak Ridge Trail. A feasibility study will be conducted to evaluate existing right-of-way, physical conditions and identify any constraints. As identified in the Tallahassee–Leon County Bicycle and Pedestrian Master Plan, the limits of the Oak Ridge Road Trial are Crawfordville Road to Woodville Highway.

General	FTA Region IV	If planning activities are proposed for funding under the 49 USC 5307 program or any other FTA program, please ensure they are listed and programmed in the UPWP.	FTA Funding in Task & Budget
General	FTA Region IV	If funding is being carried over from the prior-year UPWP, carryover amounts, and activities should be listed in the document. Please identify any incomplete work elements or activities financed with Federal planning assistance awarded in previous fiscal years as carryover activities.	No FTA funds applied to incomplete work elements from previous UPWP.
General	FTA Region IV	If any programmed 5305(d) funds are estimates, coordination with the State DOT may be required for UPWP modification or amendment after review of FTA apportionments.	Noted: UPWP amendment will be processed as applicable.
General	FTA Region IV	The metropolitan transportation planning process should provide for the establishment and use of a performance-based approach, with related activities noted in the UPWP accordingly. Please note that in addition to TAM, there is an upcoming deadline for MPO PTASP target setting that will occur during the next UPWP cycle.	Included activities related to PTASP Target.
3	Editorial	Please be sure to include the finalized and signed resolution in the final UPWP.	Noted: Executed at adoption.
4	Editorial	Please include the finalized and signed Cost Analysis Certification.	FDOT
4	Enhancement	I suggest utilizing a separate Cost Analysis Certification for each fiscal year.	FDOT
Introduction	Critical	<p>Please include a discussion on the use of the soft match policy for the Federal funds. This should also identify the total amount of the soft match and percentages of the match. Please also note that the soft match amount must also be shown for each task in the Budget summary tables as well. The MPO needs to also include the soft match discussion in the Introduction and the amounts in the Summary Budget Tables for any STBG Funds (such as SU – or other FHWA non-PL Funds). This remains at the sliding scale of 81.93:18.07.</p> <p>Below is template language that can be used to address the soft match policy. Additionally, please adjust the budget tables, agency participation summary budget tables, and funding source summary budget tables.</p> <p>“Section 120 of Title 23, U.S.C., permits a State to use certain toll revenue expenditures as a credit toward the non-Federal matching share of all programs authorized by Title 23, (with the exception of Emergency Relief Programs) and for transit programs authorized by Chapter 53 of Title 49, U.S.C. This is in essence a "soft-match" provision that allows the Federal share to be increased up to 100% to the extent credits are available. The “soft match” amount being utilized to match the FHWA PL funding in the UPWP is 20% of FHWA program funds for a total of \$</p>	<p>The template language and the dollar amount of soft match are included in the Introduction.</p> <p>The soft-match amount is revised to reflect 18.07% for all FHWA funding.</p>

		<p><u>(Continued)</u></p> <p>. The “soft match” amount being utilized to match the FHWA SU funding in the UPWP is 18.07% of FHWA program funds for a total of \$</p> <p>.” However, since the MPO does not have any SU/SA/CM funds programmed in the UPWP, the following language can be utilized a placeholder in the event an amendment is processed: If the M/TPO amends the UPWP to include FHWA SU funding, the “soft match” amount that will be utilized to match the FHWA SU funding in the UPWP is 18.07% of FHWA program funds. The total for (insert fiscal year) for a total of \$ __.”</p>	
14	Critical	Please insert an activity related to the TMA Federal Certification Review which will occur in early 2021 and the final report will be issued June 2021.	Activity and Work Product included in Task 1.0
Tasks 1-7	Critical	Each task must link activities and end products as well as to identify milestones for the activities and end product due dates. If an activity is Ongoing – please identify is it monthly, quarterly, Annually and which years. Some of these are provided but many are not. If an end product will not be completed during this UPWP, then it must be identified when it will be completed as well. Some notes are provided below for the individual tasks related to this, but not all. Please review all tasks for this requirement. Please ensure all tasks include more information for the activities that will be performed. Some are extremely broad and therefore eligibility cannot be determined.	Schedule of projects has been added in Table III. All tasks have a timeframe when work activity or planning project to be completed.
16	Editorial	For the direct expenses line item, an asterisk is included but the notation was not included. I suggest including the note for the purposes of the reader. For instance, the direct expenses are listed on page 12. I suggest using those and listing it under or in the table for clarification purposes.	Notation references the Table in the Appendix by page number.
20	Critical	I suggest including activities and products related to the MPO’s efforts with TPM in the LRTP in Task 3.0. It should also include the MPO’s efforts for monitoring and reporting targets. Although the UPWP mentions TPM efforts under CMP on page 28, I suggest mentioning it under each essential planning activities where performance measures reporting is required.	Added activity associated with TPMs.
23-24	Critical	Please include the MPO’s requirements for monitoring/reporting TPM in the TIP under the short range planning Task 4.0. Although reporting, developing, and reporting of performance measures is mentioned on page 28 under CMP, I suggest mentioning it under each essential planning activities where performance measures reporting is required.	Added to Task 4.0
General	Enhancement	I suggest including necessary activities focused on monitoring, analyzing, and incorporating the upcoming 2020 Census data into the MPO’s essential planning documents.	Added to data collection.
Task 1	Enhancement	Please include activities under the appropriate task to review and update the MPO’s COOP to consider pandemic scenarios. Additionally, it is suggested that the MPO review and consider what alternative operational and alternative public involvement outreach strategies may be required for these type of events (particularly if it is long term). This review may entail updating operational documents such as PPPs, bylaws, and others.	PIP will be updated. Activities included.
Task Budget Tables	Critical	Referring to the PL Balance spreadsheets, the MPO will have \$32,009 PL funds that will be de-obligated and reprogrammed to FY2021. However, the total amount of PL funds for FY21 and FY22 is \$520,644 for each fiscal year (FY21 = \$552,653 and FY22 = \$520,644). After calculating the funds programmed for every task, both FY21 and FY22 include the following amounts (FY21 \$696,906 and FY22 \$696,906). Please provide the justification and/or corrections to the budget table accordingly.	Budget in FY 21 and FY 22
39-40	Critical	Please include the Agency Participation and Funding by Agency Summary Budget tables in the final draft of the UPWP.	Included

General	Editorial	Tasks that involve consultant participation (such as Tasks 2 and 3) should provide enough detail (such as project scope, work to be accomplished for each project, anticipated completion dates, and project costs) about what the consultant responsibilities are concerning the activities to be undertaken using federal-aid funds. If that is not possible at this time, prior to the MPO's use of PL funds for these types planning projects or activities, the District should forward a copy of the scope of services,	Noted; Detail about the planning projects is included in the narrative. Task Work Orders will be sent to FHWA and FDOT.
---------	-----------	---	--

General	Editorial (Cont.)	the anticipated cost, and completion date to the FHWA for review. It will continue to be the responsibility of the District and MPO to ensure that all activities undertaken as part of these tasks are eligible and are allowable costs.	Project schedules included.
49-54	Critical	All Agreements or Certifications, including Debarment and Suspension, Contracts, Grants, and Cooperative Agreements, Title VI agreements and DBE statements should be signed and dated and included in the final document.	Noted
Tasks 1 – 7	Editorial	For all tasks and activities, I suggest incorporating narrative on the benefits of attending trainings, meetings, conferences. Please note that all training/meeting/conference participation must be reasonable, necessary and allocable to the transportation planning process. Please provide additional clarification on the deliverables associated with all training/meetings/conferences.	Noted; additional detail provided on training activities.
25	Critical	For Legislative Activities 4.17, 4.18, and 4.19, I suggest listing this as a separate task to ensure that the MPO avoids seeking any reimbursement for any activities that may be considered as lobbying. Additionally, the local funds are not included in the table. Please make sure to include the local funds in the FY21 and FY22 budget tables.	Noted

DISADVANTAGED BUSINESS ENTERPRISE UTILIZATION

It is the policy of the Capital Region TPA that disadvantaged businesses, as defined by 49 Code of Federal Regulations, Part 26, shall have an opportunity to participate in the performance of MPO contracts in a nondiscriminatory environment. The objectives of the Disadvantaged Business Enterprise Program are to ensure non-discrimination in the award and administration of contracts, ensure firms fully meet eligibility standards, help remove barriers to participation, create a level playing field, assist in development of a firm so it can compete successfully outside of the program, provide flexibility, and ensure narrow tailoring of the program.

The Capital Region TPA, and its consultants shall take all necessary and reasonable steps to ensure that disadvantaged businesses have an opportunity to compete for and perform the contract work of the Capital Region TPA, in a non-discriminatory environment.

The Capital Region TPA shall require its consultants to not discriminate on the basis of race, color, national origin and sex in the award and performance of its contracts. This policy covers in part the applicable federal regulations and the applicable statutory references contained therein for the Disadvantaged Business Enterprise Program Plan, Chapters 337 and 339, Florida Statutes, and Rule Chapter 14-78, Florida Administrative Code

AGENDA ITEM 6A

**FISCAL YEAR 2021 – FY 2025
TRANSPORTATION IMPROVEMENT PROGRAM (TIP)
ADOPTION**

TYPE OF ITEM: Roll Call

STATEMENT OF ISSUE

The CRTPA Fiscal Year (FY) 2021– FY 2025 Transportation Improvement Program (TIP) has been developed for Capital Region Transportation Planning Agency (CRTPA) adoption.

CRTPA COMMITTEE ACTIONS

On June 2, the CRTPA's two (2) committees (Citizen's Multimodal Advisory Committee (CMAC) and Technical Advisory Committee (TAC)) recommended CRTPA adoption of the TIP.

RECOMMENDED ACTION

Option 1: Adopt by resolution the FY 2021 – FY 2025 Transportation Improvement Program

BACKGROUND

The CRTPA Transportation Improvement Program identifies regional transportation projects (roadway, bicycle and pedestrian, transportation systems management, transportation enhancement, public transportation, aviation, resurfacing and bridge projects) that have received funding in the Florida Department of Transportation's (FDOT) Draft Five-Year Work Program. The TIP is developed in accordance with 23 U.S.C. 134(h), 23 CFR 450 and Chapter 339.175(7), F.S., and is one of the annual requirements of the metropolitan transportation planning process for the CRTPA.

The purpose of the TIP is to inform the public and governmental agencies of transportation projects (planning through construction) that have received funding during the next five-year period (FY 2021 – FY 2025) within our region (Gadsden, Jefferson, Leon and Wakulla counties).

Projects contained within the FY 2021 – FY 2025 TIP are consistent with the projects presented to the CRTPA at its October Retreat on October 14, 2019 by the FDOT District 3 during presentation of the FDOT Draft FY 2021 – FY 2025 Five-Year Work Program. Attachment 2 provides maps of the funding projects contained within the TIP by county.

PUBLIC COMMENTS

A virtual public meeting to present the Transportation Improvement Program (and the agency's FY 2022– 2026 Transportation Priority Project Lists) was held on May 27. Information regarding the meeting was published in the region's newspapers, placed on the CRTPA's website (www.crtpa.org) and an e-mail message regarding the meeting was sent to the agency's transportation partners and interested citizens.

NEXT STEP

Subsequent to CRTPA Board adoption of the TIP, staff will transmit the document to state and federal review agencies.

RECOMMENDED ACTION

Option 1: Adopt by resolution the FY 2021 – FY 2025 Transportation Improvement Program (Recommended)

Option 2: CRTPA Board Discretion.

AGENDA ITEM 7 A

CRTPA FISCAL YEAR (FY) 2022 – FY 2026 TRANSPORTATION ALTERNATIVES PRIORITY PROJECT LIST

TYPE OF ITEM: Action

STATEMENT OF ISSUE

Staff is seeking approval of the CRTPA FY 2022 – FY 2026 CRTPA Transportation Alternatives (TA) Priority Project List (PPL), provided as ***Attachment 1***.

CRTPA COMMITTEE ACTIONS

The CRTPA's two (2) committees (Citizen's Multimodal Advisory Committee and Technical Advisory Committee) recommended the CRTPA approve the TA Priority Project List at their June 2, 2020 meetings.

RECOMMENDED ACTION

Option 1: Adopt the CRTPA FY 2022 – FY 2026 Transportation Alternatives Priority Project List.

BACKGROUND

The CRTPA annually adopts priority project lists that identify the ranked order of projects for which the agency is seeking transportation funding. Once adopted, the lists are provided to the Florida Department of Transportation as that agency develops the Annual Work Program. One of these lists, the Transportation Alternatives PPL, is proposed for adoption at today's meeting and contains projects that were solicited and reviewed as part of the CRTPA Transportation Alternatives Program (TAP).

As a background, the CRTPA TAP was established in 2013 subsequent to the creation of the Transportation Alternatives Program associated with the July 6, 2012 signing of P.L. 112-141, the Moving Ahead for Progress in the 21st Century Act (MAP-21) by President Obama.

Transportation Alternatives are federally funded programs and projects, including on- and off-road pedestrian and bicycle facilities, infrastructure projects for improving non-driver access to public

transportation and enhanced mobility, community improvement activities, and environmental mitigation; recreational trail program projects; safe routes to school projects; and projects for the planning, design or construction of boulevards and other roadways largely in the right-of-way of former Interstate System routes or other divided highways.

Fifty percent (50%) of the TA funding received by each state is to be distributed by population. For those Metropolitan Planning Organizations with a population greater than 200,000 (which includes the CRTPA), the agency must run the competitive grant process, necessitating the creation of the CRTPA TAP.

The CRTPA receives approximately \$310,000 annually in TA funding explicitly dedicated to the CRTPA region. In addition, other TA funding is available for placement on TA projects within the CRTPA region at the discretion of the Florida Department of Transportation.

Consistent with CRTPA Board direction, solicitation of new TA projects occurs biennially. As a result, this year's Draft TA PPL reflects new projects that were recently submitted associated with the 2020 TAP cycle.

The Latest

The following provides the Draft FY 2022 – FY 2026 Transportation Alternatives PPL as recommended by members of the CRTPA TA Subcommittee (also, provided as **Attachment 1**):
