

TALLAHASSEE TO HAVANA TRAIL

Join Us for an Open House

Wednesday, May 7th

5:30 PM - 7 PM (arrive any time)

Hazel Baker Community Center:

128 7th Ave E, Havana FL 32333

About the Tallahassee to Havana Trail

The Tallahassee to Havana Trail project proposes providing a **multi-use trail** for bicyclists and pedestrians along Iron Bridge Road north to 9th Avenue. The route through Havana would include pavement markings on existing streets to Salem Road. The entire length of the project is from the **Orchard Pond Greenway** (in northwestern Leon County) to **Salem Road** (in the Town of Havana, Gadsden County). The feasibility study for the project was developed and adopted by the CRTPA in 2022.

Next Steps

The proposed trail has received funding through the Florida Department of Transportation (FDOT) Shared-Use Non-motorized (SUN) Trail program. The program provides funding for the development of a statewide network of multi-use trails for bicyclists and pedestrians, physically separated from vehicular traffic. Construction funding will be sought at a later date.

An **Open House** is being held on **May 7th** to provide information on the project and receive input from the public on trail route alternatives, moving the project into the design phase.

TRAIL ROUTE OPPORTUNITIES

The feasibility study included an existing conditions analysis of the project area to determine potential route opportunities for the proposed trail. The existing conditions analysis included a desktop analysis evaluating a variety of factors, preliminary mapping, and site visits. Several corridors were evaluated to identify the best alternative for the Tallahassee to Havana Trail. The existing conditions analysis and engagement with key stakeholders was used to identify **three route alternatives** for the trail.

The CRTPA is looking for input from the public on the alternatives and will be available to answer questions at the **Open House on May 7th**.

Each of the trail alternatives begin at the intersection of Orchard Pond Parkway and Old Bainbridge Road/iron Bridge Road in Leon County and follow along iron Bridge Road into the Havana town limits in Gadsden County. The variations between the alternatives occur within the Havana town limits.

- **Alternative 1** utilizes neighborhood streets south of 9th Avenue E
- **Alternative 2** utilizes neighborhood streets north of 9th Avenue E
- **Alternative 3** remains on 9th Avenue through the downtown to the west side of Havana
