A. Fiscal Year (FY) 2023 – FY 2027 & FY 2024 – FY 2028 Transportation Improvement Program (TIP) Amendment Ratification

This item seeks Board ratification of a roll-forward amendment to the FY 2023– FY 2027 and to the FY 2024– FY 2028 Transportation Improvement Programs (TIPs) to reflect the following:

- CR 268/Adams St. from CR 274 Martin Luther King Jr Blvd. to Clark St. (Project No. 436992-1) (Gadsden County): Provide \$627,615 in funding in FY 23/24 for the construction of a five-foot wide sidewalk on the west side of the road.
- Amend Appendix F (Eastern Federal Lands Information) of the TIP to include information related to replacing the boardwalks on the St. Marks Wildlife Refuge Plum Orchard Pond Trail Boardwalks (Wakulla County) in FY 27 (\$1,576,883.24).

Board Action: Commissioner Nesmith made a motion to ratify the Fiscal Year (FY) 2023 – FY 2027 & FY 2024 – FY 2028 Transportation Improvement Program (TIP) Amendment. Commissioner O'Keefe seconded the motion. A roll call vote was conducted, and the motion was unanimously passed.

7. CRTPA ACTION

The public is welcome to comment on any discussion item after a motion has been made and seconded. Each member of the public is provided three (3) minutes to address the CRTPA.

A. CRTPA Fiscal Year (FY) 2022 Financial Statements

A presentation on the findings of the annual audit of the CRTPA will be provided.

Ms. Lex stated this was the fourth year working with the consultant James Moore & Company. She noted CRTPA was considered a low-risk Agency and CRTPA has no findings this year. Ms. Lex introduced Mr. Ben Clark, James Moore & Company.

Mr. Ben Clark, CPA, James Moore & Company, provided information on the CRTPA Annual Audit — Fiscal Year 2022 Financial Statements. Mr. Clark provided an overview of the audit process and explained the required communications in relationship to the Financial Statements. He noted there were no significant or uncorrected audit adjustments for this year and there were no difficulties performing the audit for this year. Next, he discussed the audit reports and provided an overview of the Report on Financial Statements. Mr. Clark next discussed the Report on Internal control and compliance and noted there were no material weaknesses. He discussed the Report on Compliance for Major Federal programs and noted there was unmodified opinion on this report as well. Next, the Independent Accountant's Examination Report was presented, and he noted the CRTPA was found to be complying with this grant. Lastly, Mr. Clark discussed the management letter required by the Auditor General. He noted that there was a recommendation for the CRTPA to work to reconcile the Grant Revenue with the expenditures more frequently.

Board Action: Commissioner O'Keefe made a motion to approve the CRTPA Fiscal Year (FY) 2022 Financial Statements. Commissioner Messersmith seconded the motion, and the motion was unanimously passed.

B. SR 267 (Bloxham Cutoff Shared-Use Trail) Shared-Use Trail Feasibility Study A feasibility study evaluating the SR 267 corridor between Wakulla Springs State Park and the St. Marks Trail for the addition of a shared-use trail has been developed for Board approval.

Mr. Kostrzewa introduced the consultant from Halff & Associates.

Mr. Gary Phillips, Halff Associates, provided information on the SR 267 Trail Feasibility Study stating the study initially started in August of 2022. He stated the study assessed the ability to construct a shared-use path along SR 267, also known as Bloxham Cutoff, between the Edward Ball Wakulla Springs State Park and the St. Marks Trail. Mr. Philips discussed the existing conditions, environmental characteristics, design criteria and recommendations, and finally the alternatives analysis. He stated that four alternatives were developed and presented to the CRTPA committees.

Mr. Phillips noted the off-system options had potential for environmental concerns and additional cost, therefore alternatives 3 and 4 were not recommended for the trail. The four alternatives developed are as follows:

- Alternative 1: Wakulla Park Service Road/North Side of SR 267 from the service road the trail
 would then cross SR 267 to the north side and connect to the Rosa Shingles Trailhead. From the
 Rosa Shingles Trailhead, the trail would continue east on the north side of SR 267 right-of-way
 until connecting to the St. Marks Trail.
- Alternative 2: Park Service Road/South Side of SR 267 From the service road the trail would then continue east along SR 267 right-of-way until connecting to the St. Marks Trail. This would require crossing Shadeville Road at the intersection with SR 267.
- Alternative 3: Park Service Road/North Side Off-System From the service road the trail would then cross SR 267 to the north side and connect to the Rosa Shingles Trailhead. The trail would then turn north and east with State Forest property until connecting back to the north side of SR 267 near the Wakulla State Forest Ranger Station. The trail would continue on the north side of SR 267 until connecting to the St. Marks Trail.
- Alternative 4: Park Service Road/South Side Off-System From the service road the trail would then continue east along SR 267 right-of-way until turning south and following the eastern perimeter of Wakulla Springs State Park property. The trail would then head east until reaching the Electric transmission easement where the trail would head north until reaching SR 267. The trail would then follow along the southside of the SR 267 until crossing Shadeville road and connecting to the St. Mark's trail.

Lastly, Mr. Phillips discussed the public engagement for the project. He stated after the development of the alternatives, the CRTPA held a public meeting at the Wakulla Springs State Park Lodge to receive input from the public and answer questions relating to the project.

Next steps, include the design phase of the project which is scheduled to begin in January 2024. Mr. Phillips noted the construction of the project has not been funded. He informed the Board the project was added to the FDEP Priority Trail system earlier in 2023 and the next funding cycle of the SUN Trails is released in the fall 2023 and that CRTPA staff is planning to apply for construction funding through the program.

Board Action: Commissioner Richardson made a motion to approve the SR 267 (Bloxham Cutoff Shared-Use Trail) Shared-Use Trail Feasibility Study. Commissioner Messersmith seconded the motion, and the motion was unanimously passed.

C. CRTPA Fiscal Year (FY) 2024 Budget

The CRTPA's budget for Fiscal Year 2024 has been developed for discussion and approval. This discussion will include the proportional share payments.

Ms. Lex introduced the CRTPA 2024 Budget. She noted the Computer Services line item was increased to purchase additional software capabilities for an internal platform for CRTPA and the law enforcement partners in the region. This will provide trip data, safety data and allow for real-time speed data for law enforcement.

Board Action: Commissioner O'Keefe made a motion to approve the CRTPA Fiscal Year (FY) 2024 Budget. Commissioner Richardson seconded the motion, and the motion was unanimously passed.

D. Project Priority List (PPL) Amendment

The Regional Trails Project Priority List has been revised for review and approval.

Ms. Lex introduced the Project Priority List Amendment and noted that this was a request to amend the Regional Mobility Plan Regional Trails PPL. She stated the amendment involves the US 90 Multi Use Trail (from SR 12 in Quincy to west of Chattahoochee) for inclusion on the CRTPA's priority list. Ms. Lex stated this project was currently a Department of Environmental Protection's Priority Trail and included on the SUN Trails network.

Board Action: Commissioner Nesmith made a motion to approve the Project Priority List Amendment. Commissioner Williams-Cox seconded the motion, and the motion was unanimously passed.

E. CRTPA Reapportionment Plan & Metropolitan Planning Boundary

A discussion of the CRTPA's Reapportionment Plan and Metropolitan Planning Boundary will be provided.

Mr. Kostrzewa discussed the CRTPA Reapportionment Plan & Metropolitan Planning Boundary. Mr. Kostrzewa stated as a part of the census, thee CRTPA must development an apportionment plan. He discussed the population changes and noted that there was not a major change to the region. As a result, Mr. Kostrzewa stated the recommendation made by staff was to have the board voting percentages remain the same.

Board Action: Commissioner Richardson made a motion to approve the CRTPA Reapportionment Plan and Metropolitan Planning Boundary. Commissioner Williams-Cox seconded the motion, and the motion was unanimously passed.

8. FLORIDA DEPARTMENT OF TRANSPORTATION REPORT

Mr. Paulk updated the Board on a project on Capital Circle from Apalachee Parkway to Park Avenue. He noted a construction start date would be in January 2024 and that public involvement should occur in December 2023.

Commissioner Williams-Cox requested the School Boards be included in the information regarding the project, so that parents and the school's transportation department was aware of the project.

Commissioner Matlow asked about West Pensacola Street with the trash and illegal dumping on the corridor. Mr. Paulk stated the Department would investigate the issue on the corridor and make adjustments if necessary.

Commissioner Bill Proctor provided comments at the meeting. He discussed US 319 South and stated Leon County made a commitment to four-lane Crawfordville Road. He noted that portions of the four-lane of the corridor were complete in Wakulla County. Additionally, he discussed the need to improve the Adams Street corridor to reach the State Capitol.

9. EXECUTIVE DIRECTOR'S REPORT

Mr. Kostrzewa discussed the applications for the SUN Trails program. He stated those applications would be for SR 267 Trail, Havana Trail, and US 90 West Trail. Ms. Lex noted the Department of Environmental Protection would be holding a ride event as a kickoff to Mobility Month in October at the St Marks Trail Head. Furthermore, she noted the CRTPA would be provided free helmet fitting and providing free helmets at the event.

11. ITEMS FROM CRTPA BOARD MEMBERS

Commissioner Williams-Cox briefly discussed and requested an update on bringing passenger rail to Tallahassee. Commissioner Minor discussed the restoration of passenger rail. He noted Alabama, Mississippi and Louisiana are members of the Southern Rail Commission (SRC) and that they have been working with the Federal Government to restore the rail. Commissioner Minor stated Florida should join the SRC and figure out a connection from Mobile to Tallahassee then to Jacksonville. Commissioner Williams-Cox discussed the Brightline service and stated this area should join the SRC and get a better understanding of the hurdles and moving forward with having passenger in this area.

Commissioner Richardson discussed the upcoming agenda for the Blueprint Intergovernmental Agency and discussed the North Monroe Gateway project. He noted the citizens committee suggested the project be extended from I-10 to Fred George Road and that the cost for the extension of the project would be approximately 15 million dollars. Commissioner Richardson requested that the gateway be added to the CRTPA's priorities. Autumn Calder with the Blueprint Intergovernmental Agency stated that the project limits are currently from 7th Avenue to I-10. Ms. Calder stated the IA Advisory Committee request additional information on extending the project north of I-10. She stated the infrastructure improvements would be made along the FDOT right-of-way and that improvements would include sidewalks and

medians along the corridor. Commissioner Richardson asked the process for adding this amendment include this project. Ms. Lex stated the Board could direct staff to amend the Bike Ped PPL and the amended PPL would be submitted to FDOT for a request for funding. Attorney Williams noted the Board would have to direct staff to add the item to the agenda for the next meeting and provide proper public notice. Mr. Burke stated the Congestion Management Plan is scheduled to be before the board at the November meeting. He noted the High Injury Network included Monroe Street.

CRTPA AMENDED FISCAL YEAR 2025 – 2029 REGIONAL TRAILS PROJECT PRIORITY LIST

Type of ITEM: Consent

STATEMENT OF ISSUE

The purpose of this item is to discuss and approve an amendment to the project limits for Project Priority No. 3, Tallahassee to Havana Multi-Use Trail, on the CRTPA's Adopted Fiscal Year (FY) 2025 - FY 2029 Roadway Regional Trails Project Priority List (PPL). In addition, an amendment to Project Priority No. 6 on the Regional Trails PPL is presented for approval. As proposed, Project Priority No. 6 is expanded to include two new segments, the Southwood Connector and the Tram Road Connector. (Attachment No. 1).

COMMITTEE ACTION

At the November 7, 2023 meetings, the Technical Advisory Committee and the Citizens Multi-Modal Advisory Committee reviewed the item and recommended the Board approve the revised project limits for Project Priority No. 3, Tallahassee to Havana Multi-Use Trail, on the Regional Trails PPL. The addition of the Southwood Connection segments will be presented at their next regularly scheduled meeting.

BACKGROUND AND ANALYSIS

Annually the CRTPA adopts Project Priority Lists (PPLs) for which the agency is seeking transportation funding. The lists provide the Florida Department of Transportation (FDOT) guidance as that agency proceeds with development of the Annual State Work Program. At the June 19, 2023 CRTPA Meeting, the Board approved the Regional Trails PPL. Subsequent to the meeting, the Florida Legislature approved additional funding for Florida Department of Transportation's Shared Use Non-Motorized Trails (SUN Trails) program. FDOT announced that applications for this supplementary SUN Trails funding would be accepted through December of 2023.

This item seeks to revise the limits for the Tallahassee to Havana Multi-Use Trail project. As amended, the western termini is SR 12 at Salem Road in Gadsden County. To the east the project limits are extended to include a segment in Leon County, with the termini at the eastern trail head parking for the Orchard Pond Greenway Leon County. (Attachment No. 2). This segment of the regional network is identified as a Priority Project on the Florida Department of Environmental Protections (FDEP) Greenways and Trails map as a Land Trail Priority Corridor (Attachment No. 3). The revised limits are consistent with the CRTPA's application for funding through the SUN Trails.

With this proposed amendment Project Priority No. 6 is expanded to include two segments, which would connect to the Southwood area. The first segment, the Tram Connector, is on Tram Road from Capital Circle SW to Four Oaks Boulevard. The second segment, the Southwood Connector, is from Tram Road and Four Oaks Boulevard to US 27, Apalachee Parkway at Sutor Road. The final segment already listed and now identified as the Apalachee Connector, is from Sutor Road to Conner Boulevard on US 27, Apalachee Parkway. (Map to be Provided)

NEXT STEPS

Following Board approval, the Regional Trail PPL reflecting the revised projects is transmitted to the FDOT District 3. An application to fund the Design phase of the Tallahassee to Havana project will be submitted by the CRTPA to the FDOT SUN Trail Program this Fall. The City of Tallahassee will be submitting SUN Trails applications for the Tram Road and Southwood Connector Segments.

RECOMMENDED ACTION

Option 1: Approve the amendment to the project limits for Project Priority No. 3, Tallahassee to Havana Multi-Use Trail, on the CRTPA's Adopted FY 2025 - FY 2029 Regional Trails Project Priority List, and the amendment to Project Priority No. 6 to include two new segments, the Tram Road Connector and the Southwood Connector. (Recommended)

Option 2: Board Discretion.

CRTPA SUN TRAILS APPLICATIONS RESOLUTIONS OF SUPPORT

Type of ITEM: Consent

STATEMENT OF **I**SSUE

This item seeks Board approval of resolutions (provided as *Attachments 1 & 2*) related to the CRTPA's Shared-Use Non-Motorized Trail Program (SUN Trails) applications for the following two (2) trail projects in the CRTPA region: <u>US 90 West Trail (Gadsden County)</u> and the <u>Tallahassee to Havana Trail</u> (Gadsden & Leon counties).

RECOMMENDED ACTION

Option 1: Approve resolutions of support related to the CRTPA's submittals of SUN Trails

applications for the US 90 West Trail (Gadsden County) and the Tallahassee to

Havana Trail (Gadsden & Leon counties).

BACKGROUND

The Shared-Use Nonmotorized (SUN) Trail program provides funding for the development of a statewide system of interconnected paved multi-use trails (SUN Trail network) for bicyclists and pedestrians, physically separated from the road. The SUN Trail network is a refined version of the Florida Greenways and Trails System (FGTS) Plan's Land Trail Priority network.

In order to be eligible for funding, projects must be included on the FGTS Land Priority network. Within the CRTPA region, a number of trails are included on the FGTS Land Priority network (see *Attachment 3*), including the US 90 West Trail (Gadsden County) and the Tallahassee to Havana Trail (Gadsden & Leon counties).

Recently, the Shared-Use Non-Motorized Trail Program, managed by FDOT, initiated a call for application for SUN Trails funding consideration. The applications, due on December 20, include a requirement that letters or resolutions of support be provided from various entities such as a county(s), municipality(s), or agency(s).

To that end, the CRTPA is developing applications for funding consideration associated with this funding cycle for several trails in the region and staff is seeking resolutions of support from the CRTPA Board.

Specifically, SUN Trails applications are being developed for the following trail projects in the CRTPA region:

- <u>US 90 West Trail</u> The US 90 West Trail is approximately 21 miles in length and largely follows the US 90 corridor in Gadsden County. The trail's eastern terminus is SR 12 at the Quincy Bypass (Julia Monroe Woodward Highway) with the western terminus located in Chattahoochee (at the Gadsden/Jackson County line).
- <u>Tallahassee to Havana Trail*</u> This approximately 10-mile trail provides a connection between Tallahassee and Havana. The feasibility study, approved by the CRTPA at the <u>November 15</u>, 2022 meeting, evaluated the potentiality to construct a multi-use trail between the Orchard Pond Parkway in Leon County and Salem Road in Gadsden County. *Note: Two (2) separate SUN Trails applications are being developed for this project (one for the Gadsden County portion of the trail and one for Leon County portion), as follows:

Gadsden County Segment – The CRTPA is applying for SUN Trails funding for the design and construction phases of this segment.

Leon County Segment – The CRTPA is applying for SUN Trails funding for the Project Development & Environment (PD&E) Study and design phases of this segment.

NOTE: The CRTPA is also applying for SUN Trails construction funding for the <u>SR 267 Trail</u>, with a resolution of support adopted by the CRTPA at the September 19 meeting.

NEXT STEPS

Upon approval, CRTPA staff will incorporate the resolutions of support into the application packages.

OPTIONS

Option 1: Approve resolutions of support related to the CRTPA's submittals of SUN Trails

applications for the US 90 West Trail (Gadsden County) and the Tallahassee to

Havana Trail (Gadsden & Leon counties).

(Recommended)

Option 2: CRTPA Board Discretion

CRTPA RESOLUTION 2023-11-4D1

A RESOLUTION OF THE CAPITAL REGION TRANSPORTATION PLANNING AGENCY (CRTPA) SUPPORTING A SUN TRAILS APPLICATION FOR FUNDING A FEASIBILITY STUDY OF THE US 90 WEST TRAIL

WHEREAS, the purpose of the Capital Region Transportation Planning Agency is to "Create an integrated regional multimodal transportation network that provides the most options for moving people and goods economically, effectively and safely while protecting the environment, promoting economic development and maintaining a high quality of life with sustainable development patterns"; and

WHEREAS, the US 90 West Trail (Quincy to Chattahoochee) is an integral link in the Florida Department of Environmental Protection's Greenways & Trails System Plan and is a Priority Corridor on the SUN Trails Network; and

WHEREAS, the development of the US 90 West Trail will continue the expansion of the regional trail system and provide safety economic benefits; and

WHEREAS, the US 90 West Trail is a priority on the CRTPA's Regional Trail Priority Project List; and

WHEREAS, the next step in the development of the US 90 West Trail is development of a feasibility study in Fiscal Year 2025.

NOW, THEREFORE LET IT BE RESOLVED BY THE CAPITAL REGION TRANSPORTATION PLANNING AGENCY THAT:

The CRTPA supports the submission of an application to the SUN Trails Program seeking funding for the development of a feasibility study for the US 90 West Trail connecting Quincy to the Chattahoochee in Gadsden County.

Passed and duly adopted by the Capital Region Transportation Planning Agency on this 21st day of November 2023.

A RESOLUTION OF THE CAPITAL REGION TRANSPORTATION PLANNING AGENCY (CRTPA) SUPPORTING A SUN TRAILS APPLICATION FOR FUNDING THE TALLAHASSEE TO HAVANA TRAIL

WHEREAS, the purpose of the Capital Region Transportation Planning Agency is to "Create an integrated regional multimodal transportation network that provides the most options for moving people and goods economically, effectively and safely while protecting the environment, promoting economic development and maintaining a high quality of life with sustainable development patterns"; and

WHEREAS, the Tallahassee to Havana Trail is an integral link in the Florida Department of Environmental Protection's Greenways & Trails System Plan and is a Priority Corridor on the SUN Trails Network; and

WHEREAS, the development of the Tallahassee to Havana Trail will continue the expansion of the regional trail system and provide safety and economic benefits; and

WHEREAS, the Tallahassee to Havana Trail is a priority on the CRTPA's Regional Trail Priority Project List; and

WHEREAS, the CRTPA has completed the Tallahassee to Havana Feasibility Study indicating the available right-of-way in which to construct a trail and strong regional public support of the trail.

NOW, THEREFORE LET IT BE RESOLVED BY THE CAPITAL REGION TRANSPORTATION PLANNING AGENCY THAT:

The CRTPA supports the submission of an application to the SUN Trails Program seeking various funding phases for the Tallahassee to Havana Trail connecting Tallahassee to the Havana in Gadsden and Leon counties.

Passed and duly adopted by the Capital Region Transportation Planning Agency on this 21st day of November 2023.

EXECUTIVE DIRECTOR'S QUARTERLY TIMESHEETS APPROVAL

Type of Item: Consent

STATEMENT OF ISSUE

This item seeks Board approval of the Executive Director's timesheets for the last fiscal quarter (July 1, 2023, through September 30, 2023).

RECOMMENDED ACTION

Option 1: Approve Executive Director's timesheets for the period July 1, 2023, through September 30, 2023.

BACKGROUND

The Florida Department of Transportation (FDOT) annually evaluates and certifies the CRTPA program activities. A component of the certification review is monitoring fiscal records and procedures. One monitoring item requested is documentation that the Board or the Executive Committee has approved the Executive Director's timesheets.

As a result, staff is seeking Board approval of Greg Slay's timesheets for the most recent fiscal quarter (July 1, 2023, through September 30, 2023).

OPTIONS

Option 1: Approve Executive Director's timesheets for the period of July 1, 2023, through September 30, 2023.

(Recommended)

Option 2: CRTPA Board Discretion.

ATTACHMENTS

Attachment 1: Greg Slay Timesheets for July 1, 2023, through September 30, 2023.

CRTPA FISCAL YEAR (FY) 2023 – FY 2024 UNIFIED PLANNING WORK PROGRAM AMENDMENT

Type of ITEM: Consent

STATEMENT OF ISSUE

The purpose of this item is to amend the CRTPA FY 2023 – FY 2024 Unified Planning Work Program (UPWP) to add Subtask 5.7.1, Public Engagement for the Tallahassee to Havana Feasibility Study (Attachment 1), and to add Subtask 7.5.1, a Safe Streets for All (SS4A) North Monroe Street Implementation Plan (Attachment 2).

HISTORY AND ANALYSIS

The UPWP is a federally required document that describes the work activities, schedule and budget planned for the CRTPA operations, staffing, and consultant projects. The UPWP is produced the biannually and is amended as necessary to reflect changes in funding and/or work tasks.

Subtask 5.7.1 is added and provides the public engagement component for the Tallahassee to Havana Multi-Use Trail Feasibility Study. Public engagement is an essential component of the transportation planning process. The UPWP Subtask 7.5.1 details the work schedule, engagement activities and deliverables. Funding for the work, \$11,500, is reallocated from Subtask 7.3, Other Mobility Studies TBD.

Subtask 7.5 provides funding for further evaluation and analysis of roadway segments on the High Injury Network (HIN) as identified in the CRTPA's Safe Streets for All (SS4A) Safety Action Plan. Subtask 7.5.1 introduces SS4A Safety Implementation Plan for North Monroe Street. Segments of this roadway are identified on the HIN. The proposed activities, deliverables and schedule are detailed and the \$208,250 of SU funds programmed in 7.5 will be used for the Implementation Plan.

The funding for these projects is being reallocated from Subtask 7.3, "Other Projects To Be Determined."

RECOMMENDED ACTION

Option 1: Approve the amendment to the FY 2023 – FY 2024 Unified Planning Work Program (UPWP) to add Subtask 5.7.1, Public Engagement for the Tallahassee to Havana Feasibility Study, and associated budget; and the addition of Subtask 7.5.1, a Safe Streets for All (SS4A) North Monroe Street Implementation Plan.

Option 2: Provide other direction.

FISCAL YEAR (FY) 2024 – FY 2028 TRANSPORTATION IMPROVEMENT PROGRAM AMENDMENT

Type of ITEM: Roll Call

STATEMENT OF ISSUE

The purpose of this item is to adopt Resolution No. 2023-11-6A *(Attachment 1)* amending the CRTPA FY 2024 - FY 2028 TIP to reflect the addition of the following multi-modal transit project and funding:

Tallahassee Connection: Sustainable Southside Transit Center FPID No. 442542-3:
 (Leon County) Fifteen Million in federal grant [TIGR] funding is added in FY 24 for the construction of the City of Tallahassee's project, the Sustainable Southside Transit Center. (Attachment 2)

CRTPA COMMITTEE MEETINGS

At the November 7, 2023 meetings, the Technical Advisory Committee and the Citizens Multi-Modal Advisory Committee recommended the Board adopt Resolution No. 2023-11-6A.

HISTORY AND ANALYSIS

Adopted annually, the CRTPA's Transportation Improvement Program reflects those projects in the region that have received state and federal funding in the Florida Department of Transportation (FDOT) Five-year Work Program. Subsequent to adoption, the TIP is occasionally amended to reflect project changes, such as the addition or deletion of a project. The FDOT District Three requested Project No. 442542-3, and the associated federal funding, be amended into the CRTPA's TIP for the purpose of tracking the project.

Awarded through the Rebuilding American Infrastructure with Sustainability and Equity competitive grant process, the 15 million in [TGR] funding will support the construction of the Southside Transit Center. Once complete the project enhances access to public transportation and furthers the City of Tallahassee's goal to provide a safe, sustainable, and reliable transportation system for all. In addition, while not reflected in the funding line, one million dollars in state monies is programmed as part of the required funding match. This is noted on the project page.

Subsequent to Board approval, the executed Resolution and TIP project page will be forwarded to the Department of Transportation and the FY 2024— FY 2028 TIP will be updated to reflect the addition of the project.

RECOMMENDED ACTION

- Option 1: Adopt Resolution No. 2023-11-6A amending the FY 2024 FY 2028 Transportation Improvement Program to reflect the addition of a multi-modal transit project and funding as follows:
 - Tallahassee Connection: Sustainable Southside Transit Center FPID No. 442542-3: (Leon County) Fifteen Million in [TIGR] federal grant funding is added in FY 24 for the construction of the City of Tallahassee's project, the Sustainable Southside Transit Center.

A RESOLUTION OF THE CAPITAL REGION TRANSPORTATION PLANNING AGENCY (CRTPA) BOARD ENDORSING THE AMENDMENT TO THE FY 2024 – 2028 TRANSPORTATION IMPROVEMENT PROGRAM

Whereas, the Capital Region Transportation Planning Agency (CRTPA) is the organization designated by the Governor of Florida on August 17, 2004 together with the State of Florida, for carrying out provisions of 23 U.S.C. 134 (h) and (i)(2), (3) and (4); CFR 450.324, 326, 328, 330, and 332; and FS 339.175 (5) and (7); and

Whereas, the Transportation Improvement Program (TIP) shall be endorsed annually by the CRTPA and submitted to the Governor of the State of Florida, to the Federal Transit Administration, and to the Federal Highway Administration, through the State of Florida;

Whereas, the TIP is periodically amended to maintain consistency with the Florida Department of Transportation Work Program and;

Whereas, authorization for federal funding of projects within an urbanized area cannot be obtained unless the projects are included in the CRTPA's TIP.

NOW, THEREFORE LET IT BE RESOLVED BY THE CAPITAL REGION TRANSPORTATION PLANNING AGENCY (CRTPA) THAT:

The CRTPA amends the FY 2024 – FY 2028 Transportation Improvement Programs to reflect:

• <u>Tallahassee Connection: Sustainable Southside Transit Center FPID No. 442542-3: (Leon County)</u> Fifteen million in federal grant [TIGR] funding in FY 24 for the construction of the City of Tallahassee's project, the Sustainable Southside Transit Center.

AGENDA ITEM 7 B

TRANSPORTATION ALTERNATIVES PROGRAM EVALUATION CRITERIA AND FUNDING GUIDANCE

Type of Item: Action

STATEMENT OF ISSUE

This item seeks Board approval of updated evaluation criteria to be used in the review of applications associated with the current solicitation of Transportation Alternatives applications for the Fiscal Year (FY) 2026 – FY 2030 funding cycle. Additionally, the item seeks to update applicant guidance related to the maximum amount of funding that may be requested per project application.

CRTPA COMMITTEE ACTIONS

The CRTPA's Technical Advisory Committee and Citizen's Multimodal Advisory Committee met on November 7 and both committees voted to recommend the CRTPA adopt the adopt the TA evaluation criteria as developed by the Transportation Alternatives Subcommittee and approve guidance to applicants limiting project funding requests to approximately twice the CRTPA's annual TA funding allocation.

RECOMMENDED ACTION

Option 1: Recommend the CRTPA adopt the updated TA evaluation criteria as developed by the CRTPA's Transportation Alternatives Subcommittee and approve guidance to applicants limiting project funding requests to approximately twice the CRTPA's annual TA funding allocation.

BACKGROUND

The federal Transportation Alternatives Program was established with the July 6, 2012 signing of P.L. 112-141, the Moving Ahead for Progress in the 21st Century Act (MAP-21) by President Obama. Transportation Alternatives encompass a variety of smaller-scale transportation projects such as pedestrian and bicycle facilities, recreational trails, safe routes to school projects, community improvements such as historic preservation and vegetation management, and environmental mitigation related to stormwater and habitat connectivity.

For those Metropolitan Planning Organizations with a population greater than 200,000 (which includes the CRTPA), the agency must manage the competitive grant process, necessitating the creation of the CRTPA Transportation Alternatives Program (TAP). As a result, the CRTPA TAP

coordinates the solicitation and ranking of TA projects within the four-county capital region prior to provision of the ranked projects to the Florida Department of Transportation (FDOT) for funding consideration.

The CRTPA TAP solicits *new* applications biennially (every two years), consistent with Board direction. The most recent solicitation of new applications occurred in late 2021 and, as a result, the CRTPA recently initiated the solicitation of new applications.

Guiding the CRTPA TA Program is the CRTPA TA Subcommittee. The subcommittee, consisting of three (3) members from each of the CRTPA's two (2) committees (Citizens Multimodal Advisory Committee (CMAC) and Technical Advisory Committee (TAC)), reviews and recommends a ranking of the TA applications to the CRTPA Board.

The review of applications by the TA Subcommittee includes use of evaluation criteria that is adopted by the CRTPA Board. Ultimately, the projects are placed in recommended priority order on the agency's TA Project Priority List for CRTPA Board consideration and adoption (prior to submission to the FDOT).

LATEST INFORMATION

The 2021 passage of the <u>Bipartisan Infrastructure Law (BIL)</u> included changes to the TA Program. Such changes include increased funding to the program as the <u>BIL</u> nearly doubled funding for the Transportation Alternatives (TA) Set-Aside (from \$850 million annually for fiscal years 2018 through 2020 to an average annual amount of \$1.44 billion from 2022 through 2026).

Within the CRTPA region, this increase amounts to an approximate annual average of \$660,000 of TA funds over the next five years pursuant to funding estimates provided to the CRTPA by FDOT District 3. Previously, the CRTPA received approximately \$330,000 annually in TA funding exclusively dedicated to the CRTPA region.

Additional changes to the TA Program associated with the BIL include new language and guidance related to *equity*. Specifically, states are required to define "high need" communities and prioritize such communities in project selection. Furthermore, states are now authorized to use up to 5% of their TA funds for "administrative and technical assistance," making it easier for underserved and underrepresented communities to access the program.

Due to the above changes to the TA Program associated with the BIL, a re-evaluation of the CRTPA's TA Program occurred in order to ensure consistency. Specifically, changes related to the CRTPA's TA evaluation criteria and applicant funding guidance were identified to be required, as discussed on the following page.

• **EVALUATION CRITERIA**

Due to the federal changes to the TA Program from the BIL related to the requirement that equity be a consideration in the review of projects, a reexamination of the CRTPA's adopted review criteria occurred on October 18 by the TA Subcommittee. The Subcommittee evaluated the existing criteria (adopted by the CRTPA in January 2020 (below):

ADOPTED CRITERIA

	CRTPA TRANSPORTATION ALTERNATIVES EVALUATION CRITERIA*	MAXIMUM POINTS
1	SAFETY (Describe how the project will impove public safety for all transportation users)	20
2	CONNECTIVITY (Describe how the project facilitates or improves multimodal linkages)	20
3	ACCESSIBILITY (Describe how the project contributes to enhanced mobility options for transp. disadvantaged)	20
4	PUBLIC BENEFIT (Describe how the project improves the public travel experience and travel options)	20
5	PROJECT CONSTRUCTABILITY (Describe the project's constructibility related to environmental considerations, etc.)	10
6	REGIONAL PLAN (Describe how the project relates to the adopted plans of the region)	5
7	COMMUNITY SUPPORT	5
	Maximum Total Points	100

After a review of the adopted criteria related to the new requirements regarding project selection, the Subcommittee recommended the following changes be made to the CRTPA's TA review criteria:

PROPOSED CHANGES TO CRITERIA

	CRTPA TRANSPORTATION ALTERNATIVES EVALUATION CRITERIA	MAXIMUM POINTS
1	SAFETY (Describe how the project will improve public safety for all transportation users including addressing documented safety concerns)	20
2	CONNECTIVITY (Describe how the project facilitates or improves multimodal linkages)	20
3	ACCESSIBILITY (Describe how the project contributes to enhanced mobility options for transp. disadvantage	20
3	EQUITY (Describe how the project addresses equity by improving access to traditionally underserved communities as determined by the U.S. Census. Such communities could include low-income residents, minorities, those with limited English proficiency, persons with disabilities, children, or older adults)	20
4	PUBLIC BENEFIT (Describe how the project improves the public travel experience and travel options, including benefits to the environment)	20
5	PROJECT CONSTRUCTABILITY (Describe the project's constructibility related to environmental consideration	10
<u>6</u> 5	REGIONAL PLANS (Describe how the project relates to the adopted plans of the region)	5 <u>10</u>
<u>7</u> 6	COMMUNITY SUPPORT	5 <u>10</u>
	Maximum Total Points	100

The CRTPA TA Subcommittee recommended changes include the addition of a new criterion ("Equity") to meet the recent federal requirement that equity be considered in project selection. This proposed addition includes a related recommendation that the "Accessibility" criterion be removed. Although the "Accessibility" criterion included aspects related to equity, it did not fully address the issue of equity. The language proposed for use in the new "Equity" criterion is consistent with language in the updated TA application developed by the FDOT.

Other criteria changes recommended by the subcommittee include removal of the "Project Constructability" criterion as the subcommittee noted that if a project was not constructable it would be ineligible for TA funding consideration.

The following reflects the proposed changes to the CRTPA's TA evaluation criteria:

PROPOSED CRITERIA

	CRTPA TRANSPORTATION ALTERNATIVES EVALUATION CRITERIA *	MAXIMUM POINTS
1	SAFETY (Describe how the project will improve public safety for all transportation users including addressing documented safety concerns)	20
2	CONNECTIVITY (Describe how the project facilitates or improves multimodal linkages)	20
3	EQUITY (Describe how the project addresses equity by improving access to traditionally underserved communities as determined by the U.S. Census. Such communities could include low-income residents, minorities, those with limited English proficiency, persons with disabilities, children, or older adults)	20
	PUBLIC BENEFIT (Describe how the project improves the public travel experience and travel options,	20
4	including benefits to the environment)	20
5	REGIONAL PLANS (Describe how the project relates to the adopted plans of the region)	10
6	COMMUNITY SUPPORT	10
	Maximum Total Points	100

FUNDING GUIDANCE

As discussed above, changes to the <u>Bipartisan Infrastructure Law (BIL)</u> include increased funding to the TA program. This increased funding almost doubles the anticipated TA funds for the CRTPA region to approximately \$660,000 annually over the next five years.

In <u>November 2021</u>, the CRTPA approved a policy that limited the maximum amount of funding for TA applicants to \$650,000 (which, at the time, reflected approximately two-years of CRTPA TA allocation). As a result of the recent proposed increase in dedicated CRTPA TA funding, staff is recommending that the CRTPA update the funding guidance to TA applicants limiting the maximum amount of TA funding that may be requested for a TA project to approximately twice the CRTPA's annual allocation (versus explicitly noting an amount).

NEXT STEPS

The following provides the general timeline associated with the CRTPA's 2023/2024 TA Solicitation Cycle:

October 18 TA Subcommittee met to review and discuss TA evaluation review

November 1 CRTPA initiated call for new TA projects.

November 7 CRTPA Committee Meetings that include consideration of changes to TA Program

(criteria and funding guidance)

November 21 CRTPA Board meets to discuss/approve changes (criteria and funding guidance)

Late Nov/Dec CRTPA Virtual Public Meeting Discussing TA Program.

January 19 TA Applications Due

Feb/March CRTPA TA Committee reviews applications (using approved TA criteria) & recommends

project ranking

March Draft FY 2026 – FY 20230 TA Project Priority List developed for CRTPA Board adoption

RECOMMENDED ACTION

Option 1: Recommend the CRTPA adopt the updated TA evaluation criteria as developed by the CRTPA's Transportation Alternatives Subcommittee and approve guidance to applicants limiting project funding requests to approximately twice the CRTPA's annual TA funding allocation.

(Recommended)

Option 2: Provide other direction.

TOWN OF HAVANA RESOLUTION OF SUPPORT

Type of ITEM: Action

STATEMENT OF ISSUE

This item seeks approval of CRTPA Resolution #2023-11-7C (*Attachment 1*) to the Florida Department of Transportation (FDOT) supporting to the Town of Havana's desire to reduce the lanes of US 27 through downtown Havana.

RECOMMENDED ACTION

Option 1: Adopt CRTPA Resolution #2023-11-7C supporting the Town of Havana's efforts to reduce the lanes of US 27 through downtown Havana.

HISTORY AND ANALYSIS

In <u>February 2020</u>, the CRTPA approved a study ("The Town of Havana Main Street Assessment") that evaluated the feasibility of reducing the lanes of US 27 through downtown Havana (between 9th and 5th avenues) in order to improve the walkability of Main Street and minimize impacts of the roadway within the downtown area.

The assessment identified four alternatives including a recommended alternative (Alternative 4) which proposed three lanes (two northbound and one southbound) in order to maintain northbound capacity for evacuation purposes. The study identified that reducing the lanes on this portion of US 27 through downtown Havana from four lanes to two lanes would not adversely affect traffic flow.

The CRTPA was recently contacted by a consultant representative for the Town of Havana that is identifying downtown planning efforts funded by a State of Florida grant. Included in these efforts is a recommendation to reduce lanes on US 27 through downtown Havana, as desired by the Town. Specifically, the Town is seeking to reduce the total number of lanes from four to three with a single north and south bound lane that is divided by a shared left turn lane. More information related to the Town's desire to reduce lanes on US 27 is contained in a memorandum received on November 13, 2023 (see Attachment 2).

To that end, the CRTPA was requested to support the Town's request for lane reduction on US 27 in downtown and has developed a resolution for provision to the FDOT that supports the Town of Havana's efforts.

OPTIONS

Option 1: Adopt CRTPA Resolution #2023-11-7C supporting the Town of Havana's efforts to reduce the lanes of US 27 through downtown Havana. (RECOMMENDED)

Option 2: Provide other direction.

A RESOLUTION OF THE CAPITAL REGION TRANSPORTATION PLANNING AGENCY (CRTPA) SUPPORTING THE TOWN OF HAVANA'S EFFORTS TO REDUCE TO THE NUMBER OF LANES ON US 27

Whereas, the Capital Region Transportation Planning Agency (CRTPA) is the organization designated by the Governor of Florida on August 17, 2004 together with the State of Florida, for carrying out provisions of 23 U.S.C. 134 (h) and (i)(2), (3) and (4); CFR 450.324, 326, 328, 330, and 332; and FS 339.175 (5) and (7); and

Whereas, the purpose of the Capital Region Transportation Planning Agency is to "Create an integrated regional multimodal transportation network that provides the most options for moving people and goods economically, effectively and safely while protecting the environment, promoting economic development and maintaining a high quality of life with sustainable development patterns"; and

Whereas, the CRTPA adopted in February 2020 the Town of Havana Main Street Assessment that identified that reducing lanes on US 27 through downtown Havana from four lanes to two lanes does not adversely affect traffic flow.

NOW, THEREFORE LET IT BE RESOLVED BY THE CAPITAL REGION TRANSPORTATION PLANNING AGENCY THAT:

The CRTPA supports efforts by the Town of Havana to reduce the total number of lanes on US 27 from 6th Avenue to 9th Avenue from four to three. These improvements would consist of a single south bound lane, a single north bound lane divided by a shared left turn lane.

MEMORANDUM

DATE: November 13, 2023

To: Greg Slay, Executive Director, CRTPA

cc: Kendrah Wilkerson, Town Manager, Havana Greg Burke, CRTPA Suzanne Lex, CRTPA

FROM: Justin Ford, P.E.

SUBJECT: US 27 Lane Reductions - Town of Havana, Gadsden County, FL

BACKGROUND

In 2022, the Town of Havana received funding from the Florida Dept. of Economic Opportunity (now FloridaCommerce) to complete the planning efforts for improvements to their downtown area. As the economic center of the community, improvements to this area were deemed critical to ensure the commercial viability of the area into the future. Through this funding, the Town was able to procure Dewberry Engineers to complete a study of the area, meet with stake holders and develop a Feasibility study of the desired improvements. The outcome of the feasibility study resulted in three primary areas of focus, the pedestrian safety/experience along US 27, hardscape improvements within the designated downtown area, and utility and drainage upgrades to the area.

As part of Dewberry's due diligence, a coordination call was held with representatives from the CRTPA to discuss options for improvements along US 27 in Havana, from 6th Ave to 9th Ave. During that call Dewberry was made aware of a study completed by RS&H in the fall of 2019 that evaluated lane reductions within the area of concern. The recommendations outcome of the study was to reduce the total lanes from four to three, a single south bound lane and two north bound lanes. This would allow for greater separation between pedestrians and passing motor vehicles. The CRTPA subsequently voted in February of 2020 to support the project.

Based on this information, Dewberry carried this recommendation forward in the draft feasibility report that was presented to the Town Council on August 29, 2023. During that meeting, several members of the Council noted concerns about left turning movements, and subsequent delays for the southbound traffic. It was requested the Dewberry consider the option of single southbound and northbound lanes, divided by a shared left turn lane.

Following that meeting Dewberry prepared a conceptual layout of the proposed adjustments for consideration by FDOT and the CRTPA. Preliminary discussions were also held with Colby Cleveland from FDOT, District 3 as well as a follow-up conversation with CRTPA staff (Greg Slay, Greg Burke, and Suzanne Lex). Through those conversations it appears that there may some willingness by FDOT to allow the desired lane reductions.

ANALYSIS

The proposed improvements come with a series of challenges that must be overcome in order to realize the desired outcome, which is the reduction of the roadway from four existing lanes to three lanes, single north and south bound lanes divided by a shared left turn lane. First, FDOT has clearly indicated that no funding has been allocated for this project, and that if the project were to move forward in the near future, the Town of Havana would be required to support the project financially. The Town understands that challenge and will proactively seek funding sources for these improvements, along with the other improvements identified by the Feasibility Study.

MEMORANDUM

Additionally, the concern regarding capacity reductions to a critical evacuation route have been considered. This concern is based upon the need for a northern evacuation route for residents south of Havana, including Tallahassee/Leon County in the event of a storm or other threat. The Town proposes that in those instances that the shared left turn lane be designated as a north bound lane, and if the need demands, all three lanes be allocated as a north bound evacuation route.

REQUESTED ACTION

To support the Town of Havana's efforts to improve the downtown experience for residents and visitors, the Town is formally requesting the support of the CRTPA in the form of Board action to recommend FDOT's approval of the modifications to US 27 from 6th Ave to 9th Ave, reducing the total number of lanes from four to three. These improvements would consist of a single south bound lane, a single north bound lane divided by a shared left turn lane. A concept drawing of these improvements is included as **Attachment A**. A definite timeline for these improvements has not been established; however, having the approval of FDOT for the conceptual modifications will aid in the effort to secure design, permitting and construction funding for the project.

ELECTION OF CHAIR AND VICE CHAIR

Type of Item: Action

STATEMENT OF ISSUE

The Capital Region Transportation Planning Agency (CRTPA) members annually elect a new Chair and Vice-Chair to serve for the upcoming calendar year. The current positions are held by Commissioner Rick Minor as Chair and Commissioner Quincee Messersmith as Vice Chair. Staff is seeking the approval of a new Chair and Vice Chair to serve for calendar year 2024.

RECOMMENDED ACTION

Option 1: Elect a Chair and Vice Chair

HISTORY AND ANALYSIS

Section IV, CRTPA By-laws provides the following guidance regarding the annual selection of the Chairperson and Vice Chairperson of the CRTPA:

"C. Officers and Duties

- 1. The CRTPA Board shall hold an annual organizational meeting no later than the last Board meeting of the calendar year for the purpose of electing the following officers from its voting membership:
 - Chairperson
 - Vice-Chairperson
 - Representative to the Florida Metropolitan Planning Organization Advisory Council
 - Alternate representative to the Florida Metropolitan Planning Organization Advisory Council

The Chairperson and Vice-Chairperson shall be members of different member governments."

The following provides a listing of the members who have served as the CRTPA's most recent Chair and Vice-Chair:

YEAR	CHAIR	VICE CHAIR
2023	Commissioner Minor	Commissioner Messersmith
2022	Commissioner Dozier	Commissioner Barfield

ELECTION OF MPOAC REPRESENTATIVE AND ALTERNATE

Type of Item: Action

STATEMENT OF ISSUE

This item seeks the election of a CRTPA member to serve as representative on the Florida Metropolitan Planning Organization Advisory Council (MPOAC) Governing Board as well as a representative to serve as the alternate.

RECOMMENDED ACTION

Option 1: Elect a MPOAC Representative and Alternate.

HISTORY AND ANALYSIS

Chapter 339.175, Florida Statutes, requires that each Florida MPO elect one of its members to serve on the Florida Metropolitan Planning Organization Advisory Council Governing Board. Florida Statutes also require each MPO to elect one of its members as an alternate member, to serve in the absence of its appointee.

Pursuant to CRTPA By-Laws, the CRTPA's Metropolitan Planning Organization Advisory Council (MPOAC) representative serves a 3-year term. Currently, Commissioner Nick Maddox serves as MPOAC representative with Commissioner Richardson serving as the alternate.

Steve Shafer, General Manager City of Tallahassee – Underground Utilities & Public Infrastructure 2602 Jackson Bluff Road Tallahassee, Florida 32304

RE: Reconnecting Communities and Neighborhoods Grant Program and the Connecting Tallahassee: Multi-modal Transportation Across Tracks Project

Dear Mr. Shafer:

On behalf of the Capital Region Planning Agency (CRTPA), I am pleased to support the City of Tallahassee's application for the Reconnecting Communities and Neighborhoods Grant Program and the Connecting Tallahassee: Multi-modal Transportation Across Tracks Project.

As the regional transportation planning agency for Florida's capital region, the issue of connectivity in the transportation system is one of top importance to the CRTPA. Development of an integrated regional multimodal transportation network requires ensuring users of all modes of transportation are provided safe access to the transportation system.

We understand that the City of Tallahassee is seeking this grant funding for the planning of multi-modal transportation infrastructure to create pedestrian and bicycle connectivity across the railroad tracks that divide the city. The project will concentrate on the Mabry Manor Neighborhood, an area of persistent poverty, and surrounding areas to improve the multimodal connectivity of the Mabry Street and the Eisenhower Street railroad crossings. The project will also include planning efforts to improve the walkability and safety throughout the neighborhoods directly north and south of the tracks to mitigate the dividing infrastructure. Through this project, the two sides of the railroad tracks will be united and access to the amenities on the associated sides expanded to all.

It is our belief that the project you have identified will be a great benefit to the capital region.

Sincerely,

Greg Slay, AICP Executive Director

Pete Buttigieg, Secretary
U.S. Department of Transportation
1200 New Jersey Ave., SE
Washington, DC 20590

Dear Secretary Buttigieg:

On behalf of the Capital Region Transportation Planning Agency (CRTPA), I would like to express my agency's strong support for the Blueprint Intergovernmental Agency's application for Reconnecting Communities and Neighborhoods (RCN) Program funding for Tharpe Street.

As the regional transportation planning agency for Florida's capital region, the issue of safety in the transportation system is one of top importance to the CRTPA. Development of an integrated regional multimodal transportation network requires ensuring users of all modes of transportation are safe.

To that end, within the CRTPA region, one roadway has been consistently identified as a high priority for needed safety improvements for pedestrians and cyclists: Tharpe Street. This roadway is a local road under the jurisdiction of Leon County (County Road 158) and along a majority of the corridor there are minimal to no pedestrian or bicycle accommodations. As a result, multimodal access to daily destinations including employment, healthcare, grocery stores, schools, recreation, and park space is limited.

The CRTPA has a strong interest in the improvement of the Tharpe Street corridor and supports Blueprint Intergovernmental Agency's commitment to much-needed improvements to the roadway. Such improvements will not only enhance roadway safety for all users but also the quality of life for those who reside along this corridor.

Thank you in advance for your consideration of this project. If you have any questions, please do not hesitate to contact me.

Sincerely,

Greg Slay, AICP Executive Director

Good afternoon Dustin. Pursuant to our phone discussion on Monday related to the above resurfacing project and the CRTPA's request to include sidewalks on the northside, I have spoken with Greg Slay.

Based upon the discussion, Greg is supportive of the Department placing CRTPA SU funds for use in the construction of the referenced sidewalks associated with the resurfacing (specifically, from N. Malcom Street (also shown as Ulacolm Street) to the project's eastern limits). I believe we discussed that the cost was approximately \$250,000 for 2000' of sidewalks and that the project is scheduled for construction in FY 27.

Thank you for coordinating with us on this issue.
