COMMENT FORM

Please provide comments regarding the US 90 Multi-Use Trail Feasibility Study below:

Option 3 - Drop if trail on the road.
Along side with buffer okay.

In favor of trail

I. 10 intersection
options other cities in fl. tunnels,
might explore lights/signals for traffic
merging on/off interstate when bikes
passing.

Thank you for your hard
work.

Your answers are confidential and will not be used for any other reasons.

Please provide the street name where you live:

I live on Mitchell Ave.

Do you live within the study area? Yes No Not Sure

What is your gender?

Male

Female

Do you own or have access to a vehicle?

Yes

No

What is your race?

White

African-American

Other

Do you have a disability that limits your mobility?

Yes

No

hills an issue

What is your age?

Under age 18

18 to 29

30 to 59

60 to 74

75 or older

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, income, or family status.

COMMENT FORM

Please provide comments regarding the US 90 Multi-Use Trail Feasibility Study below:

This trail could be a great benefit to the community. Minimizing any crossings of US 90 will be important.

Sufficient setback from the road will be very important for safety and to make the trail use safe. The option to go down Wadesboro Rd + Jefferson would add some mileage + would also need to be separated from the road because of the hills + curves.

Figuring out what to do at the I-10 interchanges will be very important.

This will provide a much needed connection between Tallahassee + Monticello.

COMMENT FORM

Please provide comments regarding the US 90 Multi-Use Trail Feasibility Study below:

This is an excellent idea, & much needed. 90 is a dangerous road to drive on, let alone bike. It would be a great asset to the biking community, & businesses in Monticello.

Please make it happen!

Carol W

COMMENT FORM

Please provide comments regarding the US 90 Multi-Use Trail Feasibility Study below:

As US 90 is also a ^{national} bike route, improvements are necessary. The speeds are just too high.

This is a great project whatever alternative is found to be best.

Please provide comments regarding the US 90 Multi-Use Trail Feasibility Study below:

Very favorable to the US 90 multi-use trail.
No preference or options.
Will benefit Jefferson County and will
make cycling safer.

COMMENT FORM

Please provide comments regarding the US 90 Multi-Use Trail Feasibility Study below:

We are in section 5 on Fairhill Way - Leon County
We do not want option 2 - we want option 1, 3, 4 or (5) no trail
We do not want the woods thinned between our property and Hwy 90.
They act as a sound Buffer to the road noise & Buffer to any trail
We also access Hwy 90 from our back barn exit. with a very long
horse trailer and need plenty of clearance & space

Jeanie Elder
4084 Fairhill Way - Barn entrance right on Hwy 90

COMMENT FORM

Please provide comments regarding the US 90 Multi-Use Trail Feasibility Study below:

Support the project

Proper the path be close to and along 90 rather than alternate routes that are far from the path.

With appropriate signaling, going under the I-10 overpass is not as intimidating as some might think. Speed reduction in that section would help.

Need trailheads along the way. Trailhead could be parks for residents along nearby.
